ABOUT ME

I've spent my entire life trying to better understand people. What makes us tick? Why do we feel the way we feel?

Pursuing a career in user experience design has allowed me an opportunity to combine that curiosity with empathy, psychology, and creativity, for the purpose of improving the lives of others.

SKILLS

HUMAN-CENTERED DESIGN

Research
Competitive analysis
Demo/Ethnographics
Use-case mapping
Logic flows
Information architecture
Concept ideation

AS3

SOFT SKILLS

Empathy
Curiosity
Collaboration
Problem Solving
Pragmatism

EXPERIENCE

CAREREV | Sr. Product Designer

July 2022 - June 2023, Seattle, WA

Employed user-centered design & research to achieve product milestones on the B2B SaaS healthcare product. Collaborated with stakeholders to create a design system.

THE ODIGO GROUP | UX Designer

Nov 2019 - Feb 2021, Langley, WA

Created brand and marketing-driven materials focused on visual storytelling, including infographics, flyers, e-book design, social media, email design, print materials.

BASEMAP INC | UX Designer, User Research Manager

July 2018 - Nov 2019, Bothell, WA

As sole designer, spearheaded the implementation of a design system, managed the user testing research platform, and designed prototypes for both the web & mobile B2C apps.

BLUE NILE | UX Designer

Jan 2015 - July 2018, Seattle, WA

Collaborated with design & engineering teams – delivering innovative e-commerce concepts, wireframes, low and high fidelity prototypes, as well as performing user testing.

SIGN CONNECTIONS | Intern

July 2014 - Jan 2015, Puyallup, WA

Performed a variety of tasks under the guidance of my mentor, including UX/UI design, logo exploration and brand identity development, research, and print design.

STUDENT STUDIO | UX Designer

Sept 2013, April 2014, Seattle, WA

Worked with multiple pro-bono clients as part of my education. Performed design bids and budgets, UX/UI Design, research, print design, identity development, social media planning.

IRON DAISIES WEB DESIGN | Web Designer

Aug 2007 - Oct 2009, San Diego, CA

Partnered with fellow freelance designer to design and develop websites, create brand identities and business cabinets, and perform guerrilla user testing.
