11	73.25"
12	85.50"

Cosasco Corrosion Monitoring Racks are designed to accommodate LPR probes and/or weight loss coupons. Standard systems are fabricated from Schedule 80 PVC, or Stainless Steel. Standard features include shut off valves and flow meters. PVC assemblies come on a mounting board, whereas Stainless Steel assemblies come with

vertical c-rail channels for mounting. We welcome inquiries concerning other options.

Mating coupon holders and LPR probes are available in compatible materials. Refer to LPR Probe Datasheet for LPR probe ordering information. See Model LPR Coupons and Electrodes Datasheet for LPR coupon and electrode ordering information.
