## SINCE 1984

Since 1984, Sawyer has manufactured gear for outdoor enthusiasts that expect the best. We are an independent brand dedicated to developing and creating technically better protection for everyone. When you buy Sawyer products, you're not only protecting the ones you love, you're helping protect millions of people lacking access to clean water at the same time. And you're helping us to do more... protect more, give more, and innovate more, which helps us be More Than an Outdoor Company<sup>SM</sup>.

## WATER FILTRATION

Sawyer set the new standard for water filtration when we introduced hollow fiber membranes to the outdoor industry over a decade ago. Our line of innovative products offer solutions for any situations, from the backcountry to the remotest corners of the world.

# THE SAWYER STANDARD

When you want to be sure your water is safe to drink, use a Sawyer Filter. Sawyer hollow fiber membranes are the highest quality in the industry and here's why:

## FIBER STRENGTH - KNOWN AS HOOP STRENGTH

SAWYER HOLLOW FIBER MEMBRANES

OTHER HOLLOW FIBER MEMBRANES

### WHAT IT MEANS:

Thicker fiber walls and smaller inner diameter of the fibers make Sawyer fibers ~75% stronger than fibers of other typical hollow fiber membranes.

### WHY IT'S IMPORTANT:

Stronger fibers allow for aggressive backwashing and shock resistance. Meaning each Sawyer filter can be continually backwashed forcefully restoring up to 98% of the original flow rate.

Because of this exclusive technology, the Sawyer Mini Filter™ and Micro Squeeze Filter™ can be cleaned and reused for up to 100,000 gallons. The Squeeze Water Filter™ and PointZeroTwo™ Purifier offer a lifetime guarantee.

Read the entire Sawyer Hollow Fiber Filter Strength Report at:  
[Sawyer.com/downloads](http://Sawyer.com/downloads)

## ABSOLUTE MICRONS

### WHAT IT MEANS:

- No pore is larger than 0.1 micron in Sawyer filters.
- Sawyer WILL not use average or nominal pore size ratings.

### WHY IT'S IMPORTANT:

- Without absolute pore size, larger holes are present which could allow bacteria, protozoa, cysts, or viruses to pass.
- No harmful bacteria, protozoa, or cysts can pass through the Sawyer 0.1 micron filter.
- All Sawyer filters will remove 100% of microplastics from the water.

## 100% INDIVIDUALLY TESTED 3 TIMES

### WHAT IT MEANS:

Every Sawyer filter is performance tested three different times during the manufacturing process for your protection.

### WHY IT'S IMPORTANT:

To ensure every Sawyer filter is 0.1 or 0.02 absolute micron and that no harmful pathogens can pass through the filter.

Every filter is 3X tested. Sawyer does NOT batch test or statistically test for failure. Testing occurs after the fiber element construction and twice after casing assembly to ensure no harmful pathogens leak through the sealed case or internal o-rings.

## PROTECTED FIBERS

### WHAT IT MEANS:

Our hollow fiber membranes are fully encased and sealed to keep them protected.

### WHY IT'S IMPORTANT:

When fibers are not enclosed, physical damage of exposed fibers could allow harmful pathogens to pass through.

# SQUEEZE FILTERS

A thru-hiker favorite for it's no-fuss, easy maintenance design. The Squeeze Filter is fast flowing and ideal for multi-day hikes, and groups.

## SP129

### SQUEEZE WATER FILTRATION SYSTEM

UPC: 0-50716-00129-7 | CASE PACK: 4

#### KIT INCLUDES:

- 0.1 Micron Absolute Hollow Fiber Membrane Squeeze Filter
- 2- 32 oz Squeeze Pouches
- Gravity tubing
- Inline adapters
- Cleaning Plunger
- Mesh Carrying Case/Gravity bag

**REMOVES:** Bacteria, Protozoa, and Cysts

**FILTER CAPACITY:** Lifetime Warranty

**FIELD WEIGHT:** 3 oz

## SP131

### SQUEEZE WATER FILTRATION SYSTEM

UPC: 0-50716-00131-0 | CASE PACK: 4

#### KIT INCLUDES:

- 0.1 Micron Absolute Hollow Fiber Membrane Squeeze Filter
- 2- 64 oz Squeeze Pouches
- 1- 16 oz Squeeze Pouch
- Gravity tubing
- Inline adapters
- Cleaning Plunger
- Cleaning Coupling
- Mesh Carrying Case/Gravity bag

**REMOVES:** Bacteria, Protozoa, and Cysts

**FILTER CAPACITY:** Lifetime Warranty

**FIELD WEIGHT:** 3 oz

© Andrew Glenn

# MICRO SQUEEZE

Everything you love about the Squeeze  
in a lighter, more compact body.

**SP2129**

## MICRO SQUEEZE FILTER

0-50716-02129-5 | CASE PACK: 4

### KIT INCLUDES:

- 0.1 Micron Absolute Hollow Fiber Membrane Micro Squeeze™ Filter
- 32 oz Squeeze Pouch
- Drinking Straw
- Cleaning Coupling
- Cleaning Plunger

**REMOVES:** Bacteria, Protozoa, and Cysts

**FILTER CAPACITY:** Up to 100,000 gallons

**FIELD WEIGHT:** 2 oz

© Makayla Crist

# MINI FILTER

Our lightest filter that lacks no versatility and is easy on the wallet.

## MINI WATER FILTRATION SYSTEM

CASE PACK: 4

### KIT INCLUDES:

- 0.1 Micron Absolute Hollow Fiber Membrane Mini Filter
- 16 oz Squeeze Pouch
- Cleaning Plunger
- Drinking Straw

**REMOVES:** Bacteria, Protozoa, and Cysts

**FILTER CAPACITY:** Up to 100,000 gallons

**FIELD WEIGHT:** 1.8 oz

# TAP FILTER

Safe drinking water directly from your tap or hose bib.

**SP134**

## TAP WATER FILTER

0-50716-00134-1 | CASE PACK: 2

### KIT INCLUDES:

- 0.1 Micron Absolute Hollow Fiber Membrane Tap Filter
- Backwash Adapter
- Spigot Adapter
- Tap Gauge
- Extension Hose
- Dual Threaded Adapter

**REMOVES:** Bacteria, Protozoa, Cysts, & Microplastics

**FILTER CAPACITY:** Up to 100,000 gallons

**FIELD WEIGHT:** 4 oz

## FAST AND SAFE DRINKING WATER:

- After hurricanes
- Boil alerts
- Traveling overseas
- Removes all microplastics
- Adapters to clean ALL Sawyer filters included

### HOSE BIB

### EXTENSION HOSE

### COMPATIBLE WITH OTHER SAWYER FILTERS

# SELECT FILTERS & PURIFIERS

Two stage filter to give you great tasting where, anywhere you go.

## REMOVES

**SULFUR** (Rotten Egg Smell)

**IRON** (Metallic Taste)

**VIRUSES  
& MUCH MORE**

Enjoy safe, clean water anywhere in the world with Sawyer Select Water Filters and Purifiers which remove virtually all contaminants found in fresh water while also improving taste and odor. These systems combine a proprietary foam membrane in an durable silicone bottle with our 0.1 micron hollow fiber filter at the top — ensuring access to clean water in the backcountry, while you travel, at the office, or for emergencies.

The Foam Adsorption Technology used in these systems was developed with a partnership with Foamulations LLC to now be able to safely remove contaminants like heavy metals, chemicals, pesticides, and viruses while also improving taste and odor. Adsorption filtration is the process in which molecules adhere to the surface of the adsorbent foam membrane.

## S1 SAWYER SELECT™ FILTER

### USES

**1600** (\$0.04 per use)

### REMOVES

- Bacteria
- Protozoa
- Chemicals
- Pesticides
- Microplastics

### IMPROVES

Taste & Odor  
Including Sulfur

### REMOVAL RATES

Removes 99.99999% of bacteria, 99.9999% of Protozoa and Cysts.

Reduces chemicals down to 0.5 parts per billion (up to 40 times lower than the EPA's maximum recommended level).

Reduces pesticides down to 0.01 parts per billion (400 times lower than the EPA's maximum recommended level).

## S3 SAWYER SELECT™ PURIFIER

### USES

**400** (\$0.22 per use)

### REMOVES

- Viruses
- Heavy Metals
- Bacteria
- Protozoa
- Chemicals
- Pesticides
- Microplastics

### IMPROVES

Taste & Odor  
Including Sulfur

### REMOVAL RATES

Removes 99.99999% of bacteria, 99.9999% of Protozoa and Cysts.

Reduces chemicals down to 0.5 parts per billion (up to 40 times lower than the EPA's maximum recommended level).

Reduces pesticides down to 0.01 parts per billion (400 times lower than the EPA's maximum recommended level).

Reduces heavy metals down to 0.5 parts per billion (up to 260 times lower than the EPA's maximum recommended level).\*

## SP4120

### SAWYER SELECT S1 WATER FILTRATION SYSTEM

UPC: 0-50716-04120-0 | CASE PACK: 2

#### KIT INCLUDES:

- 0.1 Micron Absolute Hollow Fiber Membrane
- Micro Squeeze™ Filter
- S1 Foam Filter
- Cleaning Plunger
- Drinking Straw

**REMOVES:** Chemicals, Pesticides, Taste & Odor, Bacteria, Protozoa, and Cysts

**FILTER CAPACITY:** Up to 100,000 gallons

**FOAM CAPACITY:** 1,600 Uses

**FIELD WEIGHT:** 10 oz

## SP4121

### SAWYER SELECT S1 REPLACEMENT FILTER

UPC: 0-50716-04121-7 | CASE PACK: 2

**REMOVES:** Chemicals, Pesticides, Taste & Odor, Bacteria, Protozoa, and Cysts

**FILTER CAPACITY:** Up to 100,000 gallons

**FOAM CAPACITY:** 1,600 Uses

**FIELD WEIGHT:** 10 oz

## SP4320

### SAWYER SELECT S3 WATER PURIFICATION SYSTEM

UPC: 0-50716-04320-4 | CASE PACK: 2

#### KIT INCLUDES:

- 0.1 Micron Absolute Hollow Fiber Membrane
- Micro Squeeze™ Filter
- S3 Foam Filter
- Cleaning Plunger
- Drinking Straw

**REMOVES:** Viruses, Heavy Metals, Chemicals, Pesticides, Taste & Odor, Bacteria, Protozoa, and Cysts

**FILTER CAPACITY:** Up to 100,000 gallons

**FOAM CAPACITY:** 400 Uses

**FIELD WEIGHT:** 10 oz

## SP4321

### SAWYER SELECT S3 REPLACEMENT FILTER

UPC: 0-50716-04321-1 | CASE PACK: 2

**REMOVES:** Viruses, Heavy Metals, Chemicals, Pesticides, Taste & Odor, Bacteria, Protozoa, and Cysts

**FILTER CAPACITY:** Up to 100,000 gallons

**FOAM CAPACITY:** 400 Uses

**FIELD WEIGHT:** 10 oz

# GRAVITY FILTERS

Great for groups and base camp.

## SP160

### ONE GALLON GRAVITY FILTER

UPC: 0-50716-00160-0 | CASE PACK: 4

#### KIT INCLUDES:

- 0.1 Micron Absolute Hollow Fiber Membrane Filter Dual Threaded Mini Filter
- One Gallon Bladder
- Gravity Tube
- Cleaning Plunger
- Cleaning Coupling
- Hose Guide

**REMOVES:** Bacteria, Protozoa, and Cysts

**FILTER CAPACITY:** Up to 100,000 gallons

**FIELD WEIGHT:** 8 oz

## SP2160

### ONE GALLON DUAL BLADDER GRAVITY FILTER

UPC: 0-50716-02160-8 | CASE PACK: 4

#### KIT INCLUDES:

- 0.1 Micron Absolute Hollow Fiber Membrane Filter Dual Threaded Mini Filter
- One Gallon Dirty Bladder
- One Gallon Clean Bladder
- Gravity Tube with Shut-off Clamp
- Quick Disconnects
- Cleaning Plunger
- Cleaning Coupling
- Hose Guide
- Hanging Strap with S-biner

**REMOVES:** Bacteria, Protozoa, and Cysts

**FILTER CAPACITY:** Up to 100,000 gallons

**FIELD WEIGHT:** 12 oz

# WATER FILTRATION BOTTLES

Simply fill and drink.

## SP140

### WATER FILTRATION BOTTLE 1 LITER

UPC: 0-50716-00140-2 | CASE PACK: 2

#### KIT INCLUDES:

- 0.1 Micron Absolute Hollow Fiber Membrane Squeeze Filter
- 1 Liter Bottle
- Spare Drinking Straws
- Cleaning Plunger

**REMOVES:** Bacteria, Protozoa, and Cysts

**FILTER CAPACITY:** Lifetime Warranty

**FIELD WEIGHT:** 5.5 oz

## SP141

### WATER FILTRATION BOTTLE 1 LITER

UPC: 0-50716-00141-9 | CASE PACK: 2

#### KIT INCLUDES:

- 0.1 Micron Absolute Hollow Fiber Membrane Mini Filter
- 1 Liter Bottle
- Spare Drinking Straws
- Cleaning Plunger

**REMOVES:** Bacteria, Protozoa, and Cysts

**FILTER CAPACITY:** Lifetime Warranty

**FIELD WEIGHT:** 5.5 oz

**KIT INCLUDES:** 1 - Cleaning Coupling

## SP115 FAST FILL INLINE ADAPTERS

UPC: 0-50716-00115-0 | CASE PACK: 12

**KIT INCLUDES:** Quick Disconnects, Tubing, 28mm Adapter

## SP118 POUCHES

UPC: 0-50716-00118-1 | CASE PACK: 12

**KIT INCLUDES:** 2 - 32 oz pouches, 1 - Cleaning Coupling, 1 - Fast Fill Adapters, 1 - Inline Adapters

## REPELLENTS

From the backcountry to the backyard, our repellents offer long lasting, effective protection for the entire family.

# PERMETHRIN

Clothing & gear treatment.

## REPELS AND KILLS

For use on clothing, tents, sleeping bags, and other outdoor gear, Sawyer Permethrin is more than just an insect repellent — it actually kills ticks, mosquitoes, spiders, chiggers, mites, and more than 55 other kinds of insects.

## LASTS 6 WEEKS OR 6 WASHINGS

Providing a fantastic odorless barrier of protection, a single application of Permethrin lasts for 6 weeks or 6 washings. Using it on outdoor gear also helps reduce the mosquito population in your camp.

## PROTECTION FROM DISEASES

Repels mosquitoes which may carry the Zika Virus, Yellow Fever, Dengue, and Chickungyna. Repels and kills ticks which may carry Lyme Disease.

## ODORLESS

Sawyer Permethrin is odorless after drying and won't damage fabrics, finishes or interfere with waterproofing.

## PROTECTION FOR YOUR DOG

Sawyer Permethrin can be applied to dogs and help control mosquitoes, and fleas for 35 days and against ticks for 6 weeks. Official application instructions for use on dogs can be found at [sawyer.com/dogs](https://sawyer.com/dogs).

# PERMETHRIN PRODUCTS

## THINGS TO TREAT

Treatment for clothing, footwear, work wear, bibs, canvas, work-stations, seat covers, dog beds, hammocks, chairs, tents, camping gear, mosquito netting, nets, canopies, screen enclosures, outside of sleeping bags, backpacks, ground cloths, and other fabrics.

# NEW PERMETHRIN PRODUCTS

## TREATING MADE SIMPLE

This six pack of permethrin includes six individual 4.5 ounce bottles of permethrin and one trigger sprayer. Each 4.5 oz bottle will treat one complete outfit, eliminating the guessing if you've applied the proper amount of treatment to your outfit. An outfit consists of a shirt, pants, and pair of socks.

## PERMETHRIN FOR DOGS

Sawyer Permethrin can be applied to dogs to help control fleas and lice for 35 days and ticks for 6 weeks. Protect your pup from disease carrying insects and so they don't bring them home. Visit [sawyer.com/dogs](http://sawyer.com/dogs) for full treatment instructions.

# PICARIDIN

The gold standard for topical insect repellents.

## EFFECTIVE

Derived from piperine in pepper plants, Sawyer Picaridin is a synthetic replica of a natural solution and is highly effective at repelling mosquitoes, ticks, and is more effective than DEET at repelling flies such as biting flies, black flies, sand flies, gnats chiggers, fleas, and no-see-ums. Additionally, it won't damage gear or equipment like liquid DEET. Picaridin repels mosquitoes which may carry the Zika Virus, Yellow Fever, Dengue, and Chickungyna, and repels ticks which may carry Lyme Disease.

## LONG LASTING

Picaridin spray lasts 12 hours against mosquitoes and ticks and while the lotion lasts 14 hours. Both spray and lotion repel flies for 8 hours.

## FAMILY FRIENDLY

Picaridin is a great for the whole family and is also safe for use during pregnancy. It's considered to be the repellent of first choice by the Public Health Agency of Canada's Canadian Advisory Committee on Tropical Medicine and Travel for travelers as young as 6 months.

## ECO FRIENDLY

Sawyer's BOV (bag on valve) continuous spray contains no propellants like an aerosol, so you get more repellent and limit the propellants in the environment. It also sprays in all directions.

## PICARIDIN SPRAYS

# DEET

DEET has a long documented use by humans without any credible scientific evidence that it is harmful to humans. Often when people experience negative affects when using DEET in liquid form, it is not the DEET itself that is causing the irritation but the alcohol the DEET is mixed with.

Alcohol is very rough on the skin. Unfortunately many people have the misconception that if they use a lower percentage DEET (like a 30% can of aerosol DEET). They are “safer” because they are exposing themselves to less of the chemical. Unfortunately that 30% DEET is mixed with alcohol and alcohol opens up the pores, irritates your skin and the effectiveness of the DEET diminishes quickly. This is why you constantly have to reapply multiple times throughout the day.

## DOSAGE VS CONCENTRATION

When using a lower concentration of DEET like a 30%, you are still exposing yourself to pure 100% DEET molecules, just a smaller amount of them so the effectiveness diminishes quicker. Therefore, our recommendation is to bypass the alcohol altogether and skip right to 100% DEET. By using a smaller dose of a higher concentration of DEET you can apply the repellent less frequent and avoid loading your skin with irritating alcohol. At the end of the application you have the same amount of DEET molecules on your skin to repel bugs.

## MAXI DEET™

100% Low Odor DEET provides 10 hours of protection against mosquitoes and ticks.

**SP718B**

## SUNSCREEN

Our sunscreen is formulated to work, whether you're playing hard or working hard. The unique bonding base makes it longer lasting, and more comfortable, so you can focus on your adventure.

# SUNSCREEN

Once you try it, you'll know.

## SAWYER STAY-PUT SERIES

Sawyer Stay-Put® SPF 30 sunscreen uses a non-greasy, "Breathable Matrix" Formula that spreads into all layers of your skin, uniquely penetrating where other sunblocks simply can't go. This allows Stay-Put sunscreen to bond with the skin while allowing sweat and water to pass over the sun-blocking compounds to prevent them from deteriorating.

Enriched with aloe vera and vitamins, Stay-Put SPF 30 is recommended for most uses, and a single application penetrates deep into your skin for all day sun protection. It's also engineered to be effective when combined with Sawyer insect repellents.

**NEW: SP1184**

## FIRST AID

Sawyer's first product in 1984 was the Extractor® Bite and Sting Kit and to this day it remains a staple item in camping departments. We're also proud to partner with Sam Medical to provide the most advanced splints and blister technology.

# FIRST AID

Bites, blisters, and broken bones, we've got you covered.

## THE EXTRACTOR®, SINCE 1984

Successfully used for over 30 years, the Extractor Pump is also a safe and useful first aid device for treating bee and wasp stings as well as spider, scorpion, fly, or mosquito bites.

The lightweight, small, and reusable Sawyer Extractor Pump Kit extracts venom and poisons from the bites and stings of snakes, bees, and more. The double chamber vacuum pump action is designed to provide powerful suction for the extraction of venoms and poisons without the need for scalpel blades or knives used in other kits. Because it's a pump — not a syringe — it's easy to use with one hand.

It most effectively retrieves venom from extremities and areas of body outside muscle areas; effectiveness varies with the location of the bite.

## B6

## INTERNATIONAL IMPACT

We believe everyone deserves access to clean water; from hikers in the backcountry to indigenous people groups in the remotest corners of the world. With over 10 years of data, we know the impact these filters have on health, the economy, and the environment is unlike anything ever done. Join us on the journey.

FILTERS PROVIDED

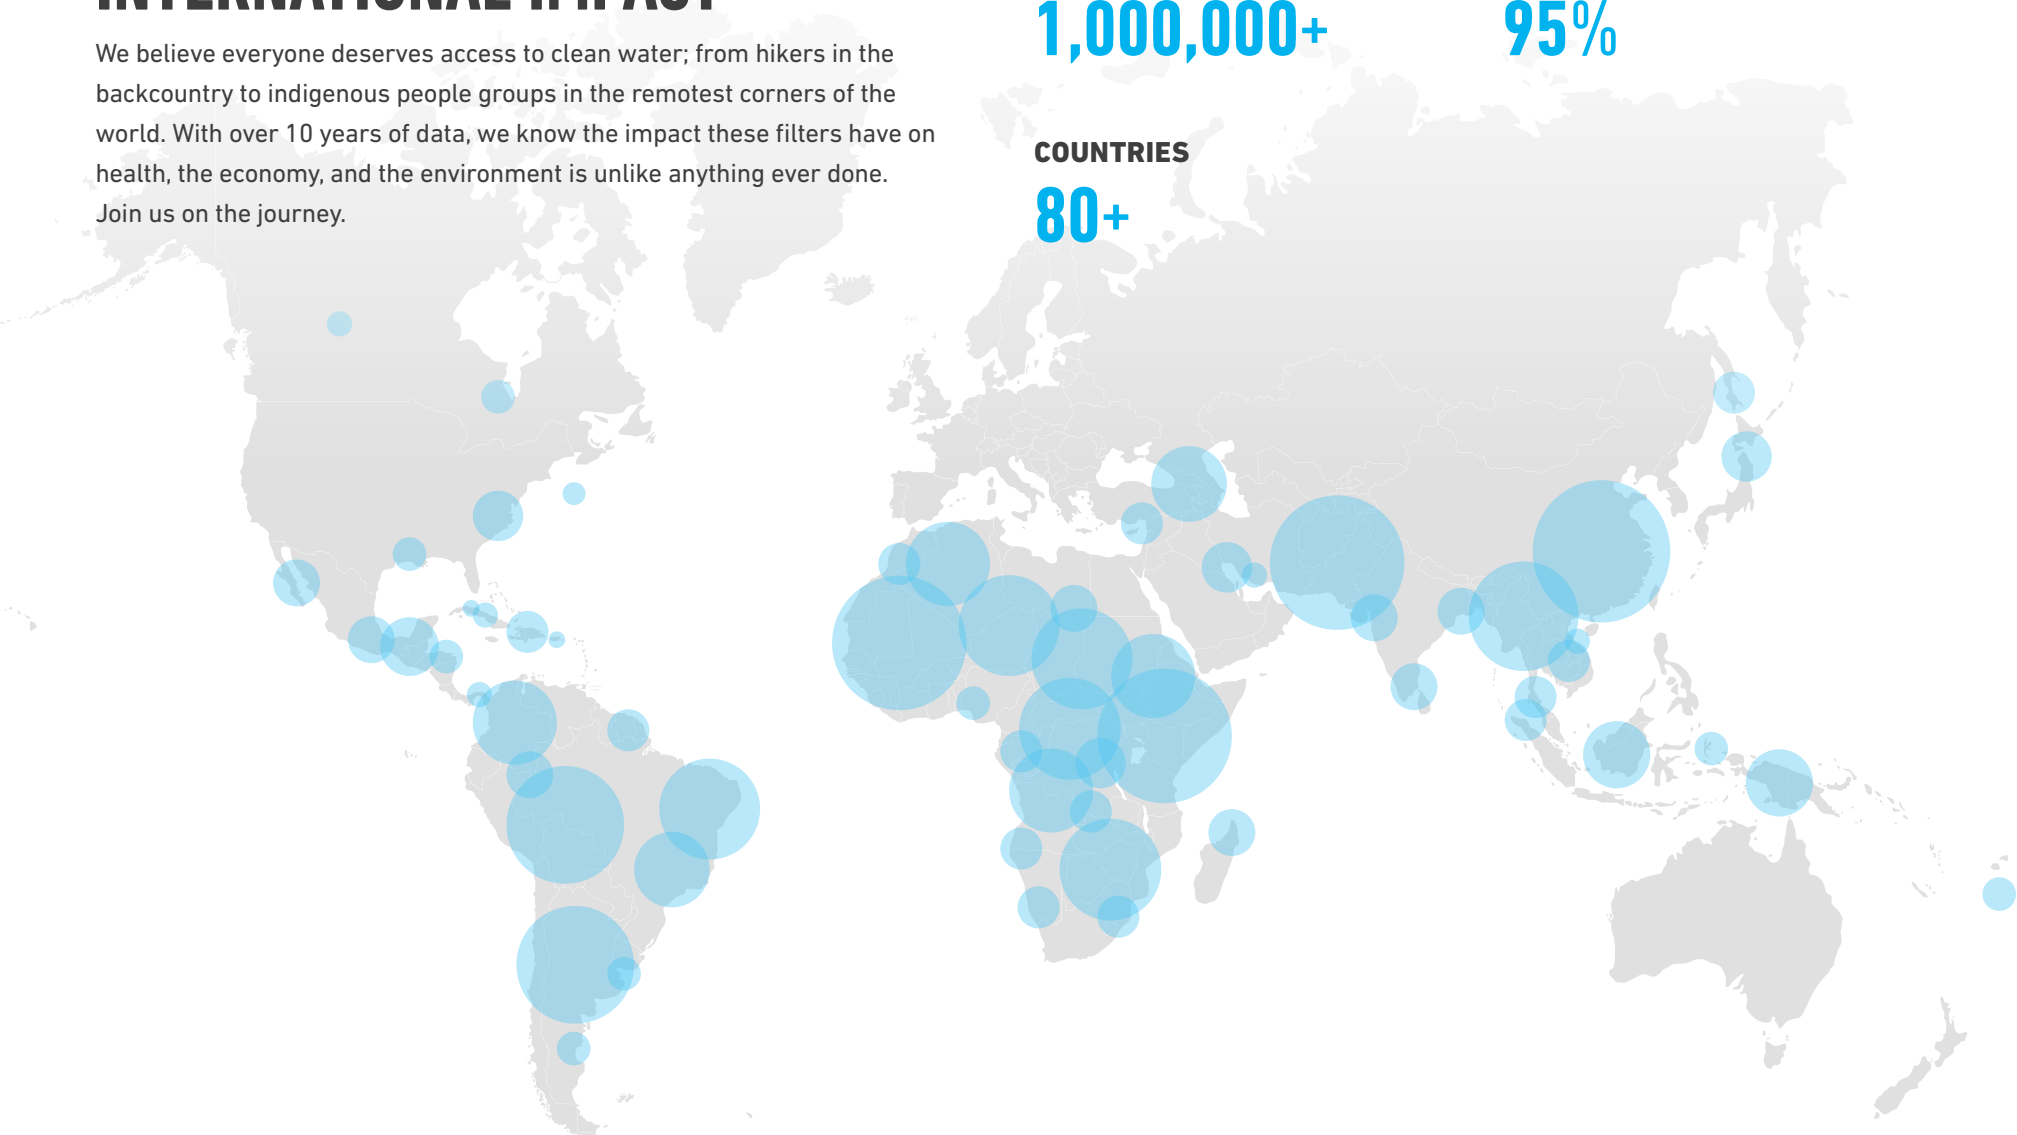

1,000,000+

DISEASE REDUCTION

Give Clean Water

FIJI

By 2024, the entire country of Fiji will have clean water. There are filters that were installed in 2008 still in use on a daily basis.

Emylee Bogart

PAPUA  
NEW GUINEA

Filters are being provided to medical clinics in remote islands and villages in Papua New Guinea.

Waves for Water

PUERTO  
RICO

After hurricane Maria in Puerto Rico, over 200,000 Sawyer filters were dispersed to provide immediate access to clean water.

The Last Well

LIBERIA

The first border to border project: As of November 2020 the entire country of Liberia had access to clean water with help from over 150,000 Sawyer filters.
