
RAD Curbside – Teton Valley’s Stewards of Service, Community and Environment

For Immediate Release – April 10, 2024

2024 Teton Valley Idaho Litter Clean Up
- a RAD Program That Makes Cleaning Up Our Community a Litter Easier –
Proudly Part of the “Teton Valley Earth Day” Celebration

Sign Up for 2024 Litter Clean Up: [Click Here](#)
Clean up starting any time now through June 1st

The great results from previous year’s clean-up effort...

- 400+ miles cleaned
- 350+ People Participated
- 4000+ lbs. of litter cleaned up
- \$2500+ of Rad Service donated

About:

In its 7th year, the 2024 Teton Valley Clean-Up program aims to enhance community participation in the clean-up by increasing convenience by providing residents the opportunity to cleanup roadsides near their homes and public spaces with the freedom to do so on their own timing. Bags will be collected on regularly scheduled service routes (bags must be placed in RAD trash cans). River-side clean up volunteers will be communicated on how to manage the collected litter.

Keys to Success

1. Avoiding Double Cleaning Same Space
 - Coordinate where you will clean up and avoid cleaning where others already have!
2. Communicate to RAD after you have cleaned an area
 - Let us know when the area was cleaned, location cleaned if different than what was communicated to RAD, # of bags filled, # of hours spent, # of people.

The Reward for Cleaning Up Our Community!

- A cleaner community 😊
- RAD will give (1) month of free service to any customer that picks up bags and follows the guidelines for roadside litter collection. If they are not a current customer, they will receive a certificate for one free month of service.
- Only one person per area can earn the reward, RAD to decide.

How-To Participate:

Sign up at: [Click Here](#) or go to <https://forms.gle/gxHDnT7BePNvoC357>

1. Special Collection Bags - How/Where to Get Them

*These special bags are required and the only ones we will pick up, they are available for pickup at:

- RAD Office – April 15th through May 15, 2023 - 455 S. Main St Driggs - Tuesdays-Fridays - 9am-4pm

2. Required Information at Bag Pickup:

- Pick up bags in front of RAD office
- No interaction with RAD staff required at pickup, but you can always email info@radcurbside.com or call 208.220.7721 with questions
- Fill out spreadsheet form completely

3. Collection of Filled Bags by RAD:

- Volunteers will need to coordinate with RAD to have bags collected at the curbside during regular service routes. If the resident or business is not a RAD customer, we will coordinate a pickup location that will be close by or with a neighbor's existing pickup schedule *Recyclable materials collected by volunteers will be collected on recycling routes and only in RAD recycling bins to ensure the materials are in fact still recyclable.
- Bag Collection can be scheduled now through May 31, 2024

Unacceptable - Not the Purpose - Abuse of Program

*The following materials will be left at the curbside. RAD reserves the right to leave any materials deemed unacceptable, at our discretion.

- DO NOT use of your own trash bags - they will not be collected
- DO NOT put out yard waste or attempt to use this for yard clean out
- DO NOT put out bulky items – call Teton County Idaho for more information about the free transfer station access day
- DO NOT put out tires – Call Teton County Idaho for details on the tire drive
- DO NOT put out Household Hazardous Waste - HHW can be brought to Jackson, WY – call 307.733.7678 (for HHW disposal only)

Teton River Sections

Teton River (Accesses typically done by FTR, so start there & clean the river side)

Communicate with FTR first though!!! [\(208\) 354-3871](tel:2083543871)

- South Bates
- Bates Road
- Rainey/Big Eddy
- Harrop's Bridge

Adopt-A-Public-Space (Calling the Non-Profits & Organizations)

Are you associated with an organization, business, non-profit or Youth Sports Group that regularly uses a public space? Here are some public spaces available for organizations or groups to “adopt” and clean up...just email us at info@RadCurbside.com with adoption requests! Here are some suggested locations, there are plenty of others though!

In Driggs

- Driggs City Park
- Lyons Park
- Driggs City Hall – Front Yard/Rear Parking lot
- City Center Park (Buffalo Jct.)
- Old Football Field
- Any section of the N-S bike path
- 5th Street Pathway/Sidewalk
- Ross Ave Pathway 1st (1st St to 5th St)
- Ski Hill Road Pathway (5th St to Cottonwood Corner)

In Tetonia

- Ruby Carson Memorial Park

In Victor

- Sherman Park – Section 1of4 – Baseball Fields
- Sherman Park – Section 2of4 – Dog Park, Pavilion, Jungle Gym
- Sherman Park – Section 3of4 – Bike Park, Riding Area, Lawn Mower Race Track
- Sherman Park – Section 4of4 – Ice Rink, Parking Lot & Greater Area
- Brookside Hollow City Park
