Rugged Concrete™

Rugged Concrete™ 4033

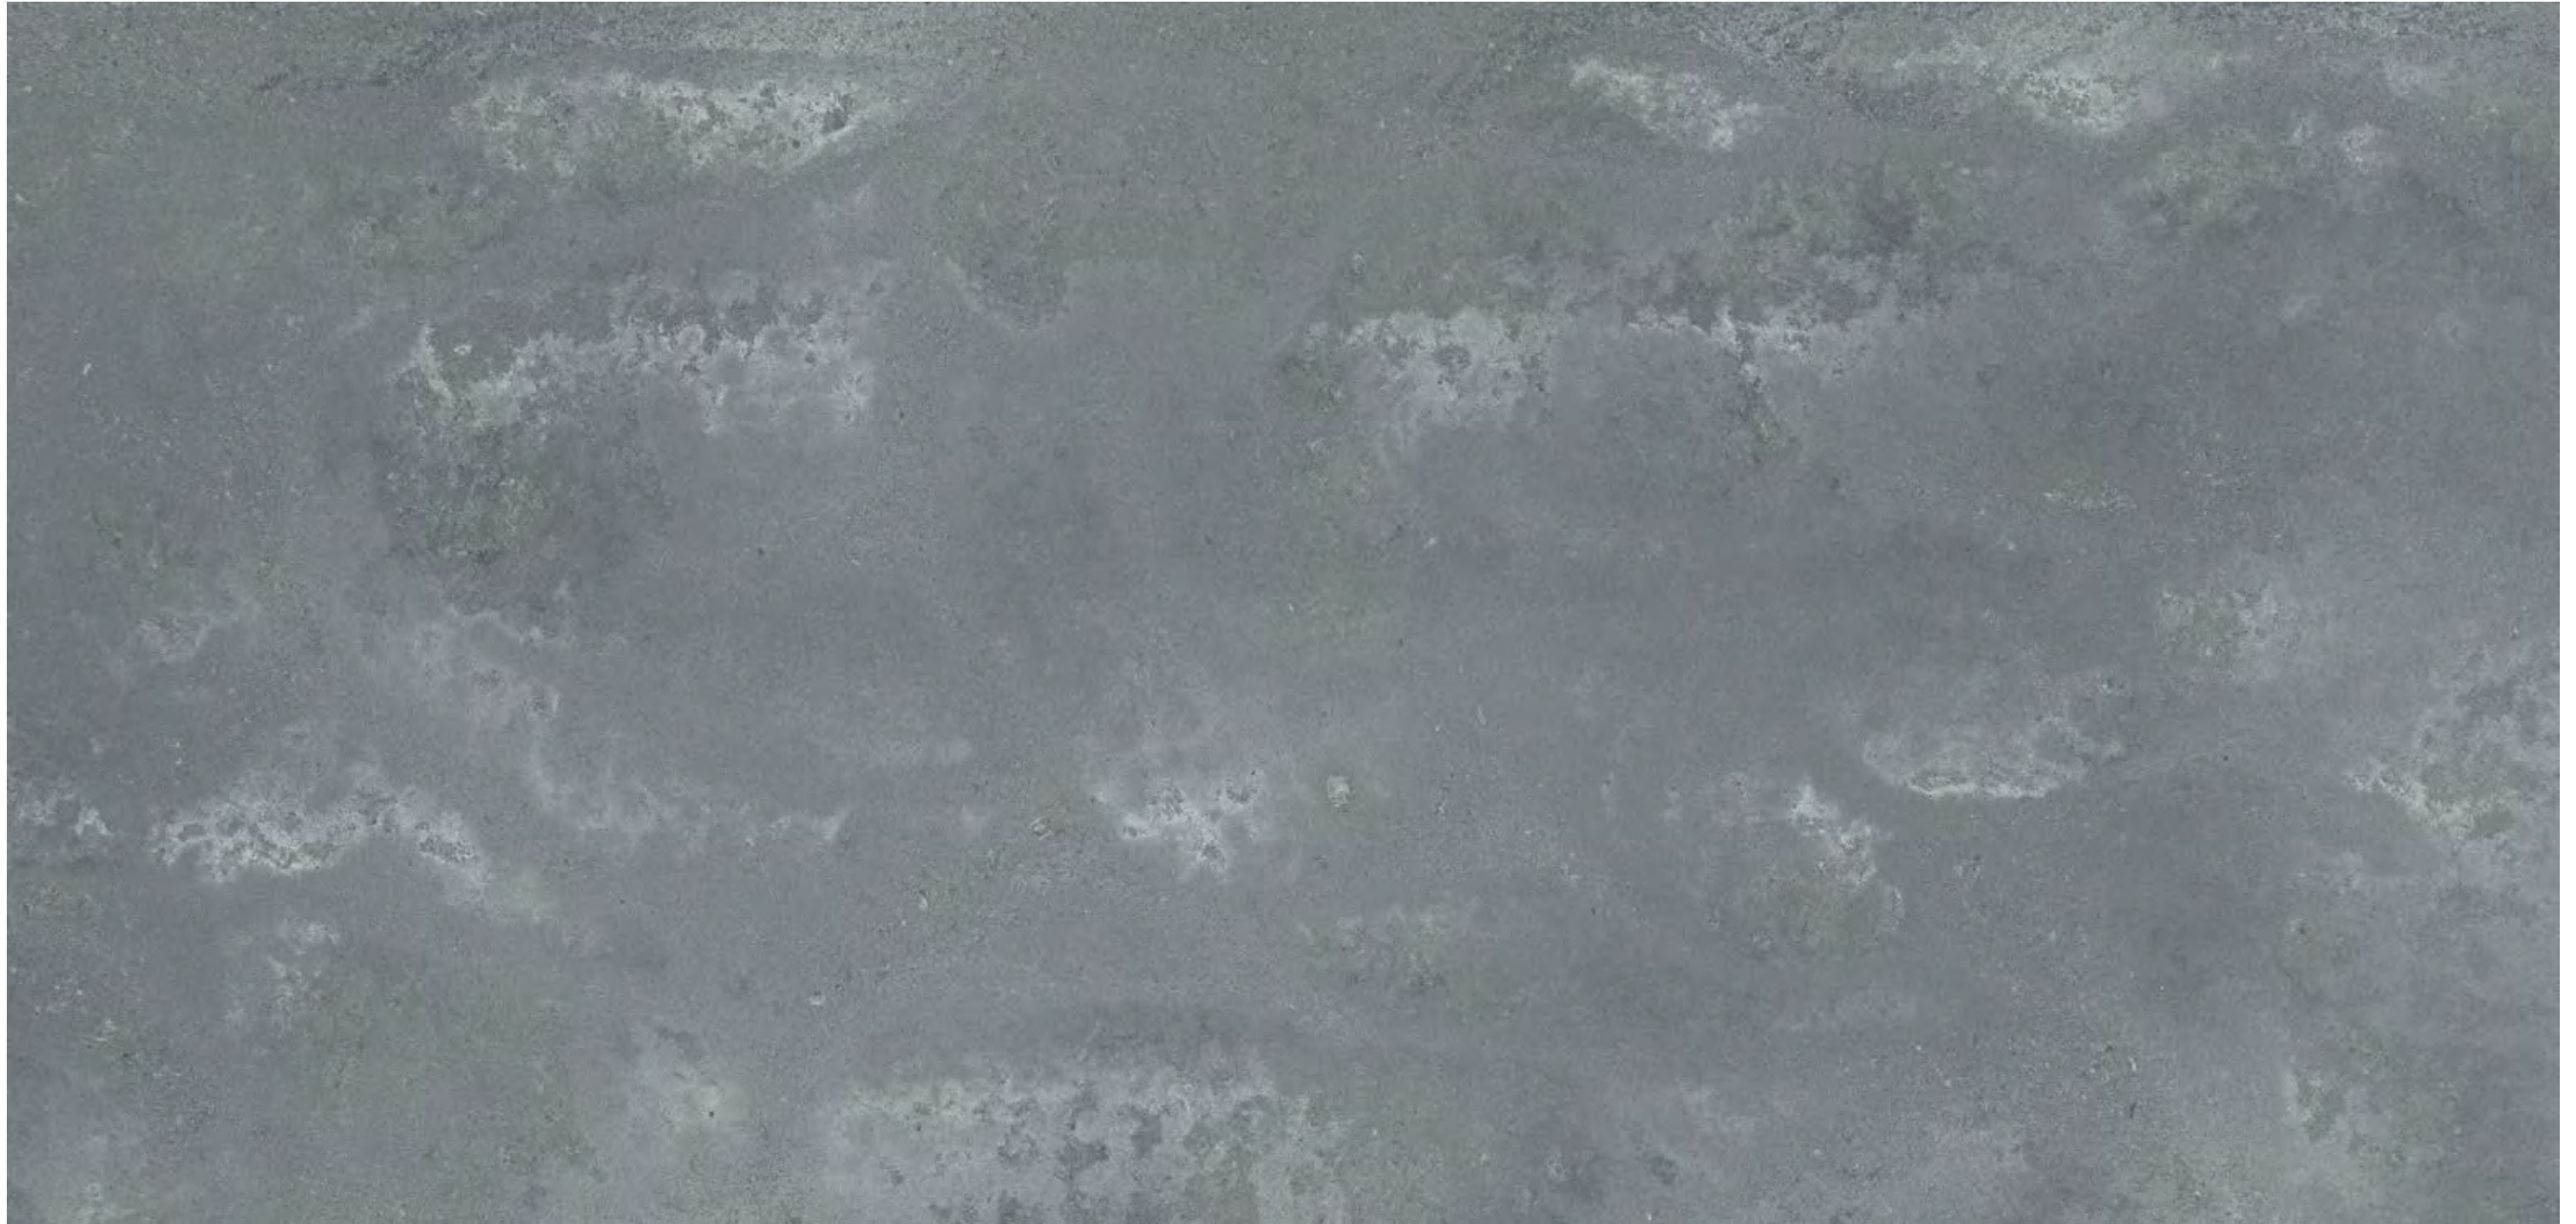

Rough. Refined. Rugged Concrete is an authentic, robust, industrial-inspired design. Accentuated by dramatic gradients of grey textural patterns, white haze patina and a Rough matt surface finish, making each slab individually unique.

Symbolic of urban environments and the converted loft aesthetic, Rugged Concrete blends well with neutral palettes that soften its raw industrial edge. Daily care & maintenance of Rugged Concrete is similar to other Caesarstone surfaces.

Rugged Concrete™ 4033

Rugged Concrete's dramatic design makes each slab individually unique. Visit the Rugged Concrete page at www.caesarstone.com.au to view examples of full slab appearance. We recommend viewing full slabs prior to commencing fabrication.
