

Denplan

To help you spread the cost of your routine dental care we offer the following membership plans.

Denplan Essentials

Our Denplan Essentials Plans are a great way for you to keep on top of regular check-ups and hygiene appointments to maintain healthy teeth and gums. The plans enable you to spread the cost of your routine dental visits with a fixed monthly cost and give you a discount off many private dental treatments, plus x-rays. We offer two levels of Denplan Essentials cover.

| | Monthly Charge | Dental Health Checks / year | Hygiene visits /year |
|---|----------------|-----------------------------|----------------------|
| A | £13.75 | 1 | 2 |
| B | £23.65 | 2 | 4 |

Denplan Care

Our Denplan Care Plans are a more comprehensive plan that covers the cost of your routine dental care such as dental health checks, hygiene care, fillings and extractions in a monthly fee. More advanced dental care such as root canal therapy and treatment requiring a dental laboratory (crowns, bridges and dentures) are charged at 50% of our normal private fees. Dental Implants and cosmetic treatment are not covered by the plans.

The monthly fee depends on your dental health and ranges from £17.41 to £82.72/month. Our dentist will need to complete a new patient examination on you to determine what Denplan Care plan and monthly charge is most appropriate for you.

| | Dental Health Checks | Hygiene | Routine Dental Treatment | Advanced dental Treatment | Cosmetic Dentistry & Implants |
|--------------|----------------------|------------|--------------------------|---------------------------|-------------------------------|
| Denplan Care | ✓ included | ✓ included | ✓ included | 50% discount | 10% discount |

Worldwide emergency insurance cover and access to a 24-hour emergency helpline is offered with both Denplan Care and Denplan Essentials.

Please talk to reception next time you visit the practice about our plans or you can join our Essentials Plan A at <https://www.denplan.co.uk/patients/find-a-denplan-dentist>.

Denplan is part of Simplyhealth who help over 3 million people in the UK access the health and care products they need, when they need them at a price they can afford.
