3rd ITUC - Asia Pacific Regional Conference

Resolution No. 24

INDONESIA – BAN ON STRIKE

The 3rd ITUC-AP Regional Conference in Kochi, India, on 1 - 3 August, 2015:

IS DEEPLY CONCERNED with the Indonesian Government’s decree to ban strike in the EPZs and vital industries which will make intervention by the military, paramilitary and police in industrial relations possible; this will promote fear among workers and will allow employers to ignore laws and regulations leading to absence of the rule of law. The ban on strike is a clear violation of the ILO Conventions No. 87 and No. 98 ratified by Indonesia.

CALLS ON the Government of Indonesia to respect fundamental human rights regarding freedom to association and expression and fully implement the ILO Conventions No. 87 and No. 98.
