Motimatic

It's not too late—yet.

We know you're limited on time, staff and resources. There is no shortage of things to do, yet you can't ask your team to do more. That's why we'll do the heavy lifting to boost enrollment.

And, it's not too late for fall registration.

With Motimatic, you will see incremental enrollments—without adding more to your already-full plate.

We deliver results, or it's free.

Our pay-only-for-results enrollment solution is already trusted by 175+ colleges and universities.

LAUNCH IN FIVE DAYS

You can launch to students in as little as 5 days. There's no software integration or implementation fee.

RESULTS IN 24-48 HRS

Our clients begin to see new registrations within 24-48 hours of implementation. Reaching students is half the battle.

SERVING 175+ COLLEGES

Our methodology—and time to value—is already trusted by 175+ colleges and universities.

Launch in five days. Results in 24-48 hours.

Motimatic handles everything else, including the strategy, design, copywriting, production, media buying & placement.

We can launch in as little as five days.

You'll begin to see the first registrations within 24-48 hours. Then every week, we'll report on engagement and impact.

Once we go live, simply keep your student list up to date so that we can optimize the student experience.

We've done this hundreds of times for 175+ colleges and universities. We know how to launch quickly & effectively. And—with 125,000+ GuidePosts in our catalog, **we know how to reach, engage, and enroll more of your stop-outs and admitted-not-registered learners.**

There is still time to boost your fall 2023 registration numbers.
