

Grower's Secret **Commercial**

Phosphorus Fertilizer 0-9-0

FERTILIZER FOR ORGANIC PRODUCTION

For Correction of Phosphorus and Calcium Deficiencies in plant production

Grower's Secret Phosphorus Fertilizer is a mined product that can be applied dry or in liquid suspension.

Use as part of an overall nutrient management program to correct phosphorus and calcium deficiencies in organic and conventional crops.

Phosphorus Fertilizer

- Ideal for use on all plant types
- Promotes root, bud and bloom development
- Can be applied in organic and conventional fields
- Supplies plant available phosphorus and calcium to correct these deficiencies
- A good source of trace nutrients
- Very low salt index
- Can be applied as a dry product, as a spray or through irrigation. Continuous agitation is required during liquid application.

FREQUENTLY ASKED QUESTIONS:

- What is Phosphorus Fertilizer made from? **Mined rock phosphate**
- Are there any GMO products used in making Phosphorus Fertilizer 0-0-0? **No**
- What is the application rate for Phosphorus Fertilizer? **Application rates should be based on soil and plant analysis for a given crop.**
- Can Phosphorus Fertilizer be applied as a liquid or dry product? **Yes, Liquid applications require constant agitation during application. Consult your equipment manufacturer for proper settings for dry application if in question. See the label for additional information.**
- Do I need to be concerned about plant compatibility? **As with other phosphorus fertilizers, you should not apply to plants under heat or drought stress. Always conduct a plant compatibility test on a small part of the field prior to large scale applications. To lower the risk of phytotoxicity, make applications early mornings or late evenings.**
- Do I need to be concerned about physical compatibility in tank mixtures? **As with other plant nutrient applications, it is advisable to conduct a small jar compatibility test with representative quantities of products and water.**
- What is the product availability? **Available in 50 lb bags and 2000 lb. pallets.**
- What is the cost of Phosphorus Fertilizer 0-9-0? **Pricing available upon request.**
