Using Microlearning in Change Management

Speaker

John Strachan

Operations & Commercial Training Manager
HR Shared Services

Joined Greene Tweed in April of 2022

Avid 7taps user, early adopter, microlearning champion

LinkedIn

Founded in 1863. Family-owned company with over 2000+ employees on three continents. A global, multi-market manufacturer of high-performance thermoplastics, composites, seals, and engineered structural components.

For 160 years, Greene Tweed has engineered high performance components for clients in aerospace & defense, oil & gas, life sciences, semiconductor, and other key industries with a highly collaborative approach.

80%

of the world's commercial and military aircraft rely on Greene Tweed's custom engineered components.
