

## Brand Guidelines

# Introduction

These guidelines tell the story of the Spritz brand and describe the proper use of the visual elements that identify our company.

We are committed to presenting a unified and consistent visual representation of who we are.

If you have any questions, please contact our team at [design@spritz.finance](mailto:design@spritz.finance)

# the spritz brand

## Our Story

### The Spritz Brand

Spritz was founded by Christopher Sheehan in 2021 as a platform that provides real world financial utility for users of decentralized finance. It exists to answer today's DeFi users' dream of dropping their traditional bank account entirely and make DeFi the operating system of their financial lives, in which their financial activities are programmable, fast, and available to all.

The name Spritz evokes visions of refreshment, relaxation, and delight. This aperitivo energy is the essence of the Spritz brand.

Paying bills with crypto can be a dull and daunting task. Spritz aims to bring joy, accessibility, and simplicity to its systems, relationships, and culture, both internally - within the Spritz team - and externally - throughout Spritz products and community.

# Mission and Values

## The Spritz Brand

### Mission Statement

Spritz enables everyday financial tasks like bill pay directly from your wallet.

### Brand Values

We are here to help **everyone** take control of their financial future. Spritz is for people of all levels of engagement with decentralized finance - from those who are learning about crypto for the first time, to investors with extensive experience.

We prioritize **diversity, equity, and inclusivity** within the Spritz team, community, and broader audience. Spritz welcomes people of all backgrounds, experiences, and identities.

We provide **transparency** and guidance to create a comfortable and secure environment for all people interacting with the Spritz brand.

# Brand Voice

## The Spritz Brand

All communication, content, marketing collateral, and visual style should reflect that Spritz is:

**Inclusive and Accessible** - Present information in a straightforward, uncomplicated way. Use universal language and terminology that can be understood by a broad audience and allows for participation from everyone.

**Transparent and Trustworthy** - Demonstrate that Spritz is sincere and reliable. Provide insight as to why information is collected and how it will be used.

**Exciting and Empowering** - Whether someone is here to take control of their personal finances, explore the crypto ecosystem for the first time, or to incorporate a new financial tool into their existing strategy, having agency over your financial decisions is something to be celebrated.

**Friendly and Fun** - Remember that we are humans communicating with other humans. Let's have fun and make some new friends.

# Primary Logo

Logo

# Primary Logo

Logo

The logotype font is Adobe font - New Order Medium.

# Clear Space

Logo

The recommended minimum space surrounding the primary logo is half the height of the logomark.

This padding should be applied whenever the logo is used in order to give it proper breathing room relative to its surroundings.

# Usage Guidelines

## Logo

- Use only the official Spritz logos provided in the media kit on the Spritz website.
- Do not modify, alter, distort, rotate, or obstruct the Spritz logos.
- Do not adjust or change the colors of the Spritz logos.
- Do not apply any effects such as shadows, blurs, textures, etc. to the Spritz logos.
- Solid color logos can be placed on solid color, multi-color, or textured/printed backgrounds.
- Tri-color logos can be placed on solid backgrounds only.

CRYPTO FOR THE REAL WORLD

# Pay your bills with crypto.

Connect your Web3 wallet and use your on-chain earnings to  
pay your bills, off-ramp to your bank, or fund your SpritzCard.

This typeface should be used whenever possible on all print and digital media in order to maintain a consistent voice across all brand touchpoints.

Do not use the Extra Light style (not listed above). Use the Light style sparingly.

The Mulish font family can be downloaded from [Google Fonts](#).
