Slym

Ultra-thin. Ultra-compact

100% HTE Compatible

Built with CCELL EVO, our all-new heating technology, Slym is capable of bringing out the distinctive aromas and rich flavor profiles of high terpene extracts, allowing for a memorable, true-to-plant experience with every inhale.

Ultra-Thin, Ultra-Compact.

Packed in a distinctive ultra-thin body, Slym's visible oil tank design features a contour-cut mouthpiece insulated on a smooth metallic surface. Slym is also equipped with a fashionable inhale activated LED light, an ingenious touch to this simple but sleek design.

Slym But Mighty

Built with care in mind, Slym is here to deliver upgraded safety and purer flavors with the introduction of medical-grade 316L stainless steel internal materials and the unrivaled ceramic heating element.

Despite packed in a small body, Slym comes in a large battery providing up to 280mAh capacity, allowing for a prolonged shelf life of over 1 year*.

*See Specs Section for more battery info. Actual shelf life may vary subject to local environmental conditions.
