

Corporate Gifting

UPDATED SEPTEMBER, 2023

About Corporate Orders

We've redefined the way you travel—now it's time to redefine the way you gift. From client appreciation to employee recognition, think of Away as a more meaningful way to give a gift that'll go the distance—and last a lifetime. The Corporate Gifting Team will help you process orders over 25 units and work with you every step of the way.

To give the whole world access to better travel standards, we offer premium luggage at an unprecedented price, all while maintaining the same high quality materials as other top-of-the-line luggage brands.

We offer premium corporate personalization, plus free shipping and drop shipping via UPS Ground anywhere in the contiguous US.

Corporate Discount Structure

We offer volume-based price breaks on products in The Corporate Collection. See pages 4-7 for details on eligible items.

We're excited to extend the option to purchase and brand our full selection of products, pending inventory availability. That said, we are unable to extend discounts on items that are not categorized as part of The Corporate Collection.

THE CORPORATE COLLECTION PRICING

25-99 units	5% discount
100-499 units	10% discount
500+	15% discount

Corporate personalization is additional and does not qualify for discounts. See Page 12 for details.

The Corporate Collection

The Classics

The Corporate Collection includes a selection of best-selling products in corporate colors that will meet all of your gifting needs. Discounts are detailed on the previous page. Please note, inventory is not guaranteed and is confirmed based on your order details.

After listening to customer feedback over the last seven years, we upgraded our Classic suitcases to make them even more traveler-friendly. We made improvements to all the key features you know and love, and even added a few new details! Take a closer look at the links below.
