**Suitable extinguishing media:** All standard extinguishing agents are suitable.

**Unsuitable extinguishing media:** No data available.

**Specific hazards arising from the chemical:** In case of fire, carbon monoxide and carbon dioxide may be formed. Acute overexposure to the products of combustion may result in irritation of the respiratory tract.

**Special protective equipment and precautions for firefighters**

**Special fire fighting procedures:** Do not empty into drains. Keep away from sources of ignition - No smoking.

**Special protective equipment for fire-fighters:** None known. [In case of inadequate ventilation] wear respiratory protection.

**6. Accidental release measures**

**Personal precautions, protective equipment and emergency procedures:** Use only in well-ventilated areas. Avoid contact with skin and eyes. Keep container tightly closed. CAUTION! Keep away from food and smoking materials. Wash hands before eating, drinking, or smoking. Avoid inhalation of vapors and spray mists.

**Methods and material for containment and cleaning up:** Wipe, scrape or soak up in an inert material and put in a container for disposal. Wash walking surfaces with detergent and water to reduce slipping hazard. Wear proper protective equipment as specified in the protective equipment section. Warn other workers of spill. Provide adequate ventilation.

**RTV9910**
