

secret location

Secret Location is a Canadian luxury concept store and design studio, with a life-long commitment to ecological integrity and timeless value.

A Canadian perspective on premium that embraces diverse styles, supports quality craftsmanship, responsible production, and sustainability - presented in a friendly high-service manner.

Having opened in 2012, we've nestled in the heart of Vancouver, and continue to stay true to our commitment since our inception.

Secret Location is on a mission to give you an inspiring shopping experience tailored to your tastes, a place to truly be your own person, and the opportunity to embrace a well-curated catalog of global goods.

Featured in globally named publications such as
Vogue Paris, Western Living, Condé Nast
Traveller, and more..

Founded by Carey Hulshof | @careyhulshof

Caught in the crosshairs of this unbridled passion, creativity and individualism, we quickly discovered that our partners and clients, like you, are the coursing lifeblood that keeps this mission alive.

And because of that, what started out as a pipe dream in our Founder, Carey Hulshof's mind is now a revolutionary phenomenon that seamlessly marries luxury and sustainability.

This translates to how she and her team buys for Secret Location.
