Assessment clinic

Biala is offering one off assessments for children in Psychology (Functional Assessments with a Psychologist), Speech (with a Speech Pathologist), Occupational Therapy (with an Occupational Therapist) or Early Developmental Assessment (with a Specialist Early Childhood Teacher).

All assessments will include an initial phone consult, 1-1 session, written report and feedback session which will all take place in the school holiday period.

Assessments are based on best practice with a focus on capacity building for the child, parent and any professionals who support the child. Places are limited so please book in early to avoid disappointment.

The aim of the assessment clinic is to provide recommendations to families or other professionals supporting the child.
