

Curb Ramps

Made from 100% Recycled Tires

Take the BUMP out of your rolled curb driveway

Reduce the impact on your car and prevent your vehicle from scraping the curb. Rolled curbs can cause significant damage to your car's steering, alignment and tires.

Curb Ramps bridge the gap between the street and a rounded driveway curb. Our ramps have a full length water channel to allow for storm drainage and can easily be moved for periodic street cleaning.

Features

- prevents damage to a vehicle's front end
- creates a smooth transition from the road to your driveway
- water channel allows for water run-off to pass underneath

Installation & Maintenance

- Easy installation
- Easily moved for street sweeping and snow removal
