

FitPro Rubber Flooring

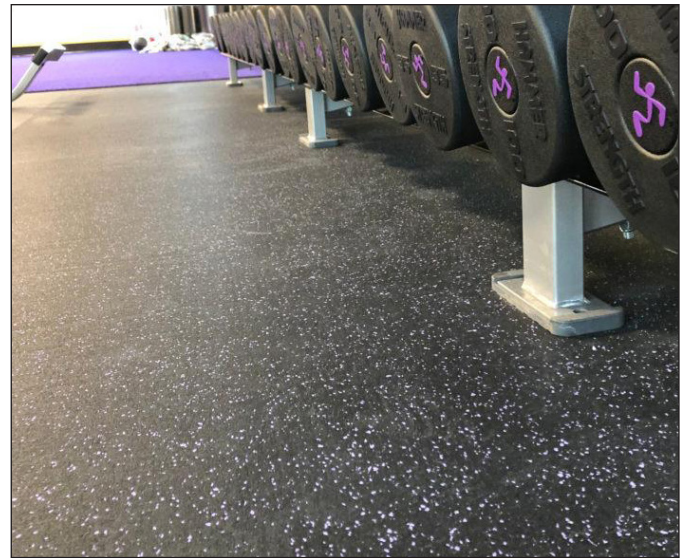

Made from 100% Recycled Tires

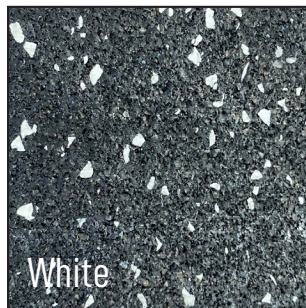

FitPro rubber flooring is the ideal choice for any project offering resilience, premium looks, and cushion all in one product. Perfect for the home or commercial application, FitPro is easy to install and lasts for years.

The dimensions are 4ft wide by 25ft long providing more flooring with fewer seams. The uniform colour speckling adds eye-catching value and is sure to impress your family or guests.

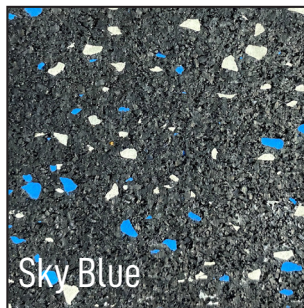

FitPro rubber flooring provides a premium look at affordable pricing. Ask about custom colours and thicknesses for large commercial projects.

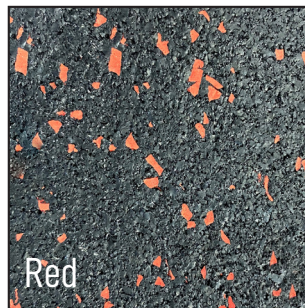

- FitPro rubber sports floors help cushion the fall of heavy items such as dumbbells and barbells, protecting both the equipment and the flooring from damage. This superior cushioning provides a high level of comfort, allowing running, exercising, or even standing to be much easier on the body.
- FitPro is CrossFit approved! Designed for the toughest training, it is up to the challenge of the busiest activity.
