We offer legal representation services to provide direct legal intervention on a claim. As a representative we file appeals, formal requests, and applicable paperwork on your behalf. Every client has different needs.

INVESTMENT

OWCP FECA Representation

There are no attorney's fees under the FECA. We require a pre-payment of \$3,500 equivalent to 10 hours of work, which is the average total for most claims. Work may exceed the pre-payment, but unused hours would be refunded to you. We offer 4-month or 2-month payment plans.

OWCP FECA Third-Party Representation

We can assist with a connected third-party personal injury claim to your OWCP FECA claim. Work on the separate third-party claim itself is paid on contingency. No money is due upfront for the third-party claim.

Federal Disability Retirement Representation

We require a flat fee total of \$3,500. The first \$1,750 payment is due immediately. The second \$1,750 payment is due upon approval.

SSDI Representation

The SSA will pay attorney's fees capped at a maximum set by law as calculated from any past due benefits. No money is due upfront.

We look forward to connecting with you!

Our law firm is virtual, which means we do not have a brick-and-mortar office. We do not charge for time during our intake process. No fees are due until an agreement for a specific service is signed. Workbooks can be purchased independent of any legal service.
