MARKING SYSTEM

COMPACT HAND HELD LABEL PRINTER

It allows to create long lasting, durable labels. The labels ensure quick and easy identification of cables, faceplates, sockets, switches, consumer units and other components.

- Create durable labels up to 12 mm in width;
- Dedicated functions for common labelling tasks;
- 200 symbols including electrician, audio visual and Network Infrastructure;
- Built-in cutter for accurate labelling.
- Includes AC adapter, 1 flexible tape 9 mm and handy carry case

With dedicated functions and smart keys to make common labelling tasks quick and easy, and everything supplied in a hard carry case, **EGO4YOU** is an invaluable tool for electricians and other professional installers.

Laminated tapes, incredibly durable in extremes temperatures, water, sunlight, abrasion, chemicals, easy peel system, strong adhesive.

MULTIFUNCTIONAL HAND HELD LABEL PRINTER

Thanks to its simple functionality, it assures a professional long-lasting labelling. The labels ensure quick and easy identification of cables, faceplates, sockets, switches, consumer units and other components.

- Large backlit LCD screen;
- QWERTY keyboard + dedicated functions for an easy use;
- Create labels up to 18 mm wide.
- Includes AC adapter, 1 strong laminated tape 18 mm and handy carry case.

In electrical and datacom installations, clear, robust labelling is crucial and the EGO1PRO with carry case has been designed to make the process easier than ever before. The label material is laminated and rigorously tested against all crucial degrading effects for clear and professional-looking for years to come.

Laminated tapes, incredibly durable in extremes temperatures, water, sunlight, abrasion, chemicals, easy peel system, strong adhesive.

Smart hand held label printer PC connection

Smart and efficient label printer to create durable labels for electrical or datacom installations through built-in labelling functions, PC software, or from smartphone or tablet with the cable labelling app.

- Large backlit LCD screen;
- Automatic (full and half) cutter;
- Print labels up to 24 mm.
- Comes with carry case, wrist strap, USB, CD Software, 2 tapes (1 strong tape 24 mm wide and 1 flexible tape 12 mm wide), rechargeable lithium-ion battery, AC adapter;

Ensuring that cables, conduits, switches and sockets are clearly identified with long-lasting, durable labels is essential for electricians, datacom, telecom and security equipment installers. EGOSMART creates labels that help address ANSI/EIA/TIA-606A/B and that meet the UL-969 standards.

Laminated tapes, incredibly durable in extremes temperatures, water, sunlight, abrasion, chemicals, easy peel system, strong adhesive.

**SIMPLE AND
EFFICIENT
ORGANIZATION**

Design labels on your PC or Mac, and include images or company logos, barcodes, frames and special symbols. Or connect to your Apple or Android device using Bluetooth, then use the proper apps to create and print labels from your smart device. AlterEGO is ready to print a label wherever and whenever you want. Comes with flexible tape 24 mm wide and USB.

Windows & OS

- Print durable, colorful labels up to 24 mm in width;
- Built-in rechargeable lithium-ion battery;
- Recharges from any available USB port ;
- It allows to link to text contained in an Excel or .csv file to easily print multiple labels with variable information;

Android e iOS

- It allows to edit your labels and then preview before printing directly from smartphone or tablet;
- Free download from app store;
- Bluetooth connection makes its use very simple;
- It allows to insert logos, images, frames, barcodes and QRcodes;

WIDE RANGE OF TAPES

To choose the proper label according to the application needed is fundamental, that's why Grafoplast offers a variety of tapes to cover all kind of applications.

STANDARD LAMINATE

SIZE	PACKAGE	BLACK/WHITE	BLACK/YELLOW	BLACK/TRANSPARENT
