

Professional Agile Leadership Essentials™

This course is a combination of instruction and hands-on exercises to help managers and other leaders who work directly with Agile teams understand how to best support, guide, and coach their teams to improve their Agile capabilities. The course provides the foundation for the role that leaders play in creating the conditions for a successful Agile transformation.

Target audience

- Line managers of Scrum Teams
- Middle management of Agile organisations or companies undergoing a business transformation with Agile
- Project managers involved in Agile product delivery
- Leaders supporting business agility
- Product Owners, Scrum Masters, and Agile coaches willing to learn about the manager's perspective on Agile delivery
