meirik

Professional Scrum Product Owner™ – Advanced

An advanced class for experienced Product Owners and Product Managers. The course broadens their competencies in Agile product management and helps build better relationships with stakeholders. This course is an interactive, experiential workshop where participants explore topics through a series of exercises and discussions.

Target audience

This course is designed for Product Owners, Product Managers, and Business Analysts, focusing heavily on Product Management skills, tools, techniques, and knowledge as part of their work on the Scrum Team.
Other people that might benefit from the PSPO-A course include:

- Scrum Masters / Agile Coaches

- Company leader

Aims and Objectives

✓ Experienced Product Owners will learn different stances a Product Owner takes to navigate everyday challenges

✓ Modern complementary practices will be introduced through discussions, case studies and exercises

✓ Students will leave with a clear understanding of Agile Product Management as they continue on their Product Owner journey

✓ Learn about the various types of stakeholders that Product Owners represent and how to best work with them.

Benefits

- ✓ Our courses are always delivered by experienced **practitioners** who **actively participate in Agile business transformations** on a daily basis.

- ✓ **Small training group** means each participant has a quality experience with maximum interaction with the trainer and other participants.

- ✓ Included within the course price is one attempt at **PSPO II assessment** which leads to industry-recognised **Professional Scrum Product Owner II (PSPO II) certificate** upon achieving the pass mark.

- ✓ Participants can receive **14 PDU points** from the Project Management Institute.

- ✓ Participants receive all necessary **course materials.**

- ✓ Participants receive a **book as a gift from Meirik** to help them explore the course topics further.
