# Scaled Professional Scrum™ with Nexus

Advanced training for managers and coaches of Scrum teams who want to learn how to scale up working with Scrum. The course introduces the Nexus framework, provides several patterns for successful scaling beyond a single team, and over 50 practices to reduce dependencies and complexity at scale.

## Target audience

The Scaled Professional Scrum course is recommended for development leads, development managers, project/program managers and anyone else involved in coaching, formulating, participating in or managing scaled product development projects using Agile and Scrum.

## Aims and Objectives

- Learn how to scale Scrum using the Nexus framework
- Learn how to overcome challenges in large-scale development initiatives
- Keep development initiatives on track
- Experience organizing several teams working on the same product
- Optimize team productivity
- Understand how to identify, minimize and remove dependencies

## Benefits

- Our courses are always delivered by experienced **practitioners** who **actively participate in Agile business transformations** on a daily basis.
- **Small training group** means each participant has a quality experience with maximum interaction with the trainer and other participants.
- Included within the course price is one attempt at **SPS assessment** which leads to industry-recognised **Scaled Professional Scrum (SPS) certificate** upon achieving the pass mark.

## Benefits

- ✓ Participants can receive **14 PDU points** from the Project Management Institute.
