How it's implemented

During advisory period:

- ✓ 9th graders used the Belonging toolkit.
- ✓ 10th graders started with a few Belonging activities and moved to Purpose activities.
- ✓ 11th graders used Purpose for community building.
- ✓ 12th graders reflected on their Purpose toolkits.

"A lot of remote learning was rethinking what it means to connect with someone else. Using Wayfinder as a way to facilitate that helped our students find community in a time where that was difficult and they needed it the most. [...] Wayfinder is such an amazing platform for allowing students to not only grow as individuals, but to also find connections in ways they hadn't imagined."
