

# WALL DECORISTA

---

## TO WHOM IT MAY CONCERN

We would like to express our satisfaction with the cooperation with Webstars Pro company.

Webstars have demonstrated vast knowledge and experience in the development of Shopify online shops, timely delivery and integration of E2E functionalities as well as the ability to work flexibly together. Communication has always been very effective and it was possible to find solution oriented agreements, also in case of some short notice changes.

We are considering further cooperation with Webstars Pro in the future and recommend them for any web development assignments. We are confident that with their dedication, professionalism and constructive feedback they significantly contribute to high quality delivery.

## BEST REGARDS
