

Financing your purchase

We've partnered with Affirm so you can achieve the new kitchen you've been dreaming of today while financing it over time.

How it works

Frequently asked questions

How do I apply for financing?

Simply let your designer know you'd like to finance your purchase. They will send you a link to apply with Affirm's easy online application with an instant soft credit check. If you're approved, you can select your payment plan (12 or 24 months). A government-issued photo ID will be required after you have completed your application.

Are there requirements to use Affirm?

You must be 18+ years old, a resident of Canada or the US, and have a valid history of credit in Canada or the US.

Do you have other lending partners?

We have researched various lending partners and selected Affirm to work exclusively with as they offer the best terms and APR for our clients.

What if I want to work with another lender or my bank?

That's no problem! We have partnered with Affirm as we found it was the best solution for the majority of our customers, but you are welcome to use an alternative option that works best for your needs. Our standard payment terms are applicable if you select another lender.

What is the maximum loan amount?

You can finance a total of up to \$15,000.

If I want to only finance a portion of my order total, is that possible?

Yes, you can finance as much of your order total as you want. The portion not being financed will be paid up front on Model Living standard payment terms.

What are the fees associated with your financing?

There are no late fees, servicing fees, deferred interest, or any other hidden charges when you finance with Affirm. There could potentially be fees if you choose to work through another provider.

If I choose to finance my project, who pays who?

If you choose to finance your project with Affirm, they will pay Model Living and service the loan directly with you.

How do I make payments?

Affirm will take convenient pre-authorized payments from your bank account.

Still have questions? For more details and to get help selecting the best payment option for you, reach out to us at (647) 492-9019 or hello@modelliving.com. For further information about Affirm, please refer to Affirm's [FAQ page](#) or contact them [here](#).
