

PUT TEXT MESSAGES ON AUTOPILOT WITH TEXT MESSAGE AUTOMATION

Text messages reach any audience fast,
creating an instant connection.

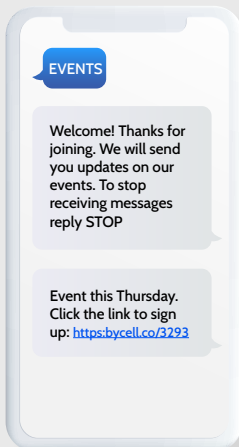

But in order to scale this powerful
communication tool, you need automation.

Engage by Cell's Automated Text Messaging
service is the ultimate set-it-and-forget-it platform.
Whether SMS or MMS, we'll help you schedule and
send a series of text messages ensuring the right
information arrives at the perfect time.

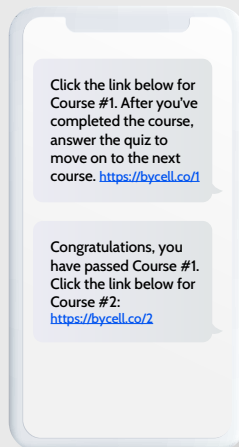

TEXT MESSAGE SEQUENCING

Perfect for sending short
drips of information,
our Sequencing feature
sends texts in an ordered
series. Once enrolled, the
recipient receives, your
tailored messages at
predetermined intervals
until the series is complete.

TEXT MESSAGE ACCORDION

Inspired by a Fortune 500
training client, the Accordion
feature helps a group of
people complete the same
series of texts, no matter
the date they enrolled in
the sequence. In a training,
onboarding, or sales
environment, you'll keep all
employees on the same page.

Text Messaging is PERFECT for:

- Reminders
- Birthday greetings
- Coupons, discounts, and promotions
- Emergency alerts
- Invitations
- Shift changes
- Training content
- Requests for payment
- Weather alerts
- Onboarding instructions
- Product Information
- Performance support

Scalable, Strategic, and Effective: Text Message Automation
Let's chat about texting.
