Easy to Access, Easy to Scan:
Digital Event Passes

No one wants to carry a paper ticket to an event—they're a hassle to print, easily forgotten, and just end up in the trash.

Engage by Cell's Digital Event Passes are the perfect contactless solution for both event staff and event goers.

Tickets in a Few Clicks

Upon submission of a simple mobile form, your attendees will immediately receive a download link via text message or email. A few clicks later, the ticket is added to their camera roll or digital wallet.
