jumping frog

turtle

horseshoe

St patricks day charades instructions:

1. Cut all of the cards out following the dashed border.
2. Fold all of the cards in half, then repeat folding it in half again.
3. Put all of the double folded cards in a cup or bowl and mix them up.
4. The first player will choose a card from the cup/bowl and act out the prompt on the card without saying any words.
5. The rest of the players will call out what they think the player is acting. Once someone guesses correctly, then that player earns a point and it becomes their turn to go draw a card from the bowl and act.
6. When calling out guesses, if the card says "hopping rabbit" and a player yells "rabbit", so long as the player gets most of the prompt then they will get a point.
7. The player with the most points at the end of the game wins!
