

## GEN6 MIL-SPEC 2u Server Dual CPU motherboard ready

### Features

5X 2.5" SAS OR SATA HDD or SSD

Front panel USB 2.0 (3.0 optional)

Front panel removable air filter

Modular chassis design allows for rapid design change, with a lower NRE, to meet larger component requirements; i.e. larger motherboards, additional storage drives, full height full length add-on cards

Custom High Efficiency AC power supply. (DC and 400hz options available upon request)

Designed to meet and exceed a battery of tests from MIL-STD-810G, MIL-STD-461G, MIL-STD-1257E, MIL-S-901D as well as DO-160G
