

ACTIV8 Certified Panel

385w

Sourced specifically for
Irish Weather Conditions

Global, Bloomberg Tier 1 Rated Model

The Activ8 certified panel will only ever come from the exclusive Tier 1 rating of solar panels. This ensures the financial stability of the manufacturer to investment grade.

BREAKING THE 20% EFFICIENCY BARRIER

Our panels have broken the 20% efficiency barrier, through Half Cell, Mono Perc, zero gap cell and N-Type Technology.

INNOVATIVE ALL-WEATHER TECHNOLOGY

Optimal yields, whatever the weather with excellent low-light behaviour in the transitional months here in Ireland.

EXTREME WEATHER RATING

High-tech aluminium alloy frame, certified for high snow (6000 Pa) and wind loads (4000 Pa).

SALT MIST AND AMONIA RESISTANT

Due to much of our islands proximity to the coast, salt mist is a key aspect of choosing our panels along with amonia resistance due to Ireland's widespread agricultural use.

ENDURING HIGH PERFORMANCE

Long-term yield security with Anti-LID Technology, Anti PID Technology, Hot-Spot Protect and Traceable Quality.

INDUSTRY LEADING WARRANTIES

25 years performance warranty as standard, along with a 12 year product warranty.
