

# ACTIV8 Certified Panel

## 400w

Sourced specifically for  
 Irish Weather Conditions

### Global, Bloomberg Tier 1 Rated Model

The Activ8 certified panel will only ever come from the exclusive Tier 1 rating of solar panels. This ensures the financial stability of the manufacturer to investment grade.

#### BREAKING THE 20% EFFICIENCY BARRIER

Our panels have broken the 20% efficiency barrier, through Half Cell, Mono Perc, zero gap cell and N-Type Technology.

#### INNOVATIVE ALL-WEATHER TECHNOLOGY

Optimal yields, whatever the weather with excellent low-light behaviour in the transitional months here in Ireland.

#### EXTREME WEATHER RATING

High-tech aluminium alloy frame, certified for high snow (6000 Pa) and wind loads (4000 Pa).

#### SALT MIST AND AMONIA RESISTANT

Due to much of our islands proximity to the coast, salt mist is a key aspect of choosing our panels along with amonia resistance due to Ireland's widespread agricultural use.

#### ENDURING HIGH PERFORMANCE

Long-term yield security with Anti-LID Technology, Anti PID Technology, Hot-Spot Protect and Traceable Quality.

#### INDUSTRY LEADING WARRANTIES

25 years performance warranty as standard, along with a 25 year product warranty.
