

## **YJWCH / IBU Cup Trials Relocated to Canmore**

Due to poor weather conditions and a lack of snow forecast over the next couple weeks, Biathlon Canada and the organizers of the IBU Regional Event World Youth and Jr Trials / IBU Cup Tour 2 Trials scheduled for Valcartier on January 3–7 have made the difficult decision to relocate the event.

The IBU Regional Event / YouthJunior World Championships Trials / IBU Cup Tour 2 Trials event will now be held in Canmore, Alberta. The competition days will be January 4,5, and 7. Official training will be organized by Biathlon Canada on January 3 and 6.

We recognize the financial impacts that any relocation/rescheduling will have on teams. However, due to the time limitations on selecting teams, the poor snow conditions in many locations, and the logistics of organizing a trials event on short notice, relocating the event to Canmore during the same time frame is the best option available.

More details regarding the event will be made available as soon as possible.

In the meantime, if you have any questions please contact [cwhitman@biathloncanada.ca](mailto:cwhitman@biathloncanada.ca).
