

Announcement of Community Sport for All Funding

Through the generous support of the Government of Canada, Biathlon Canada is pleased to announce that we have been awarded a grant of \$421,000. Biathlon Canada has received funding to implement several projects through the Community Sport for All Initiative (CSAI), a program designed to remove barriers and increase sport participation rates for underrepresented groups in Canada.

Seven biathlon projects have been supported through this grant with the specific aim to bring laser/optical biathlon to underserved populations across the country. Working with local clubs and provincial and territorial biathlon associations, Biathlon Canada aims to reach new participants in communities throughout Canada with these initiatives.

Biathlon Canada wishes to thank the Department of Heritage and Government of Canada for this important funding.

Minister Qualtrough made a funding announcement in Ottawa on February 6, 2024; the news release and backgrounder are available below:
