

4 Light Modern Linear Cluster Pendant Fixture

Installation Instructions for item AL10019P4

AMBIATE

CAUTION: To prevent electrical shock, ensure electricity has been turned off at the circuit breaker before beginning.

- Read all instructions before installing.
- Ensure all electrical connections must be made in accordance with the National Electric Code and local codes and ordinances. If you are uncertain of the methods of installing electrical wiring and lighting fixtures, secure the services of a qualified licensed electrician.
- Retain installation instructions for future maintenance reference.

PREPARATION

1. Shut off the power at the circuit breaker and remove existing fixture, including the mounting plate.
2. Carefully unpack your new fixture and lay out all the parts on a clear area. Be careful not to lose any small parts necessary for installation.

MOUNTING THE FIXTURE

3. Determine the desired hanging height and thread stems (I & J & K) to the tube (L).
4. Screw the stems (I) into the canopy (G) and tighten.
5. Install the mounting plate (B) on the outlet box using the mounting screws (D), the anchors (A) and the tapping screws (C).
6. Connect the fixture wire to the mains wire by wire nuts (E & F), smooth wire with live wire, ribbed wire with negative wire, ground wire with ground wire.
7. Fix the canopy (G) to the mounting plate (B) by the ball nuts (H).
8. Place the cap (M) and glass shade (O) on the socket and tighten it by using socket rings (N).
9. Install bulbs (not included) into socket, not to exceed max rated wattage. Turn on power at the circuit breaker.
