Report of Review of the Condensed Interim Financial Information to the Board of Directors of Oman Reinsurance Company SAOC

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Oman Reinsurance Company SAOC ("the Company") as at 30 June 2021, and the related condensed interim statement of profit or loss and other comprehensive income, the condensed interim statement of changes in shareholders' equity, the condensed interim statement of cash flows for the six-month period then ended and other explanatory notes ("the condensed interim financial information"). Management is responsible for the preparation and fair presentation of the condensed interim financial information in accordance with International Accounting Standard 34 - "Interim Financial Reporting", and for such internal control as management determines is necessary to enable the preparation of condensed interim financial information that are free from material misstatement, whether due to fraud or error. Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with International Accounting Standard IAS 34 "Interim Financial Reporting".

Notes to the condensed interim financial information for the six-month period ended 30 June 2021 (un-audited)

(Expressed in Omani Rial)

1 Legal status and principal activities

Oman Reinsurance Company SAOC ("the Company") is a closely held Omani joint stock company registered on 4 August 2008 with the Ministry of Commerce, Industry and Investment Promotion, in accordance with the provisions of the Commercial Companies Law and the Oman Insurance Companies Law 1979 of the Sultanate of Oman. The Company obtained a license to operate reinsurance business on 2 July 2009 from the Capital Market Authority. The Company is engaged in underwriting reinsurance business including fire, engineering, accident, medical, motor and aviation classes.

The Company's principal place of business is located at Al Khuwair, Muscat, Sultanate of Oman.

The condensed interim financial information was approved for issue by the Board of Directors on 18 August 2021.

2 Basis of preparation

(a) Statement of compliance

The condensed interim financial information for the six-month period ended 30 June 2021 has been presented in accordance with International Accounting Standard 34 - "Interim Financial Reporting". The accounting policies adopted in preparation of the condensed interim financial information are the same that were followed as at, and for the year ended, 31 December 2020. These condensed interim financial information should therefore be read in conjunction with the audited annual financial statements prepared as at, and for the year ended, 31 December 2020, which have been prepared in accordance with the International Financial Reporting Standards (IFRS).

(b) Basis of presentation

The condensed interim financial information for the six-month period ended 30 June 2021 has been prepared in accordance with IAS 34 "Interim Financial Reporting".

(c) Functional currencies

The condensed interim financial information is presented in Omani Rials (RO) which is the functional and reporting currency for the Company.

3 Adoption of new and revised IFRS

New and amended standards effective and adopted at 1 January 2021

A number of new or amended standards became applicable for the current reporting period. The Company did not have to change its accounting policies or make retrospective adjustments as a result of adopting these standards.

Standards, amendments and interpretations issued but not yet effective at 1 January 2021

The Company has not early adopted any standard, interpretation or amendment that has been issued by the International Accounting Standards Board but is not yet effective.

Standards, amendments and interpretations issued but not yet effective in the period 2021 IFRS 17 "Insurance Contracts"

IFRS 17, "Insurance Contracts" requires entities to identify portfolios of insurance contracts, which comprises contracts that are subject to similar risks and are managed together. Each portfolio of insurance contracts issued shall be divided into a minimum of three groups:

- · a group of contracts that are onerous at initial recognition, if any;
- a group of contracts that at initial recognition have no significant possibility of becoming onerous subsequently, if any; and
- a group of the remaining contracts in the portfolio, if any.

Notes to the condensed interim financial information for the six-month period ended 30 June 2021 (un-audited) (Expressed in Omani Rial)

3 Adoption of new and revised IFRS (continued)

Standards, amendments and interpretations issued but not yet effective in the period 2021 (continued) IFRS 17 "Insurance Contracts" (continued)

The Company is not permitted to include contracts issued more than one year apart in the same group. Furthermore, if a portfolio would fall into different groups only because law or regulation constrains the Company's practical ability to set a different price or level of benefits for policyholders with different characteristics, the Company may include those contracts in the same group.

There would have been a material change in the operational results of the Company for the period ended 30 June 2021 had the Company early adopted the above standard as the Company is engaged in underwriting reinsurance business. However, the management is expected to apply the standard from its effective date of 1 January 2023.

4 Significant accounting policies, critical accounting estimates and key source of estimation uncertainty

The preparation of condensed interim financial information requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. Actual figures may differ from these estimates and judgements. While preparing the unaudited condensed interim financial information, the significant judgements made by the management in applying the accounting policies and the key sources of estimation and uncertainty were the same as those that were applied to the annual audited financial statements prepared as at, and for the year ended, 31 December 2020.

The Company's activities expose it to a variety of financial risks: market risk (including currency risk and interest rate risk), credit risk and liquidity risk. The condensed interim financial information does not include all financial risk management information and disclosures required in the annual audited financial statements, and should therefore be read in conjunction with the annual audited financial statements prepared as at, and for the year ended, 31 December 2020. There has been no change in the risk management policies since 31 December 2020.

Investment property represents a property located at Ghala, Muscat, Sultanate of Oman which is currently under development (Note 8). The carrying amount of the investment property is the aggregate fair value (Level-3 fair value hierarchy) as determined by the independent property valuer. Fair value was determined as being the most probable price the property can fetch in a competitive open market. The property has been valued by an independent valuer on an open market basis as at January 2021 at RO 2,000,000. However, based on current market situation and management's estimate of costs involved in disposing-off the property (land), management considers that the fair market value of investment property of RO 1,900,000 is appropriate.

14 Legal reserve

In accordance with Article 106 of the Commercial Companies Law of the Sultanate of Oman, 10% of the Company's net profit for the year is to be transferred to a non-distributable legal reserve until such time as the amount of the legal reserve becomes equal to one-third of the Company's issued and fully paid-up share capital. During the period from 1 January 2021 to 30 June 2021, the Company has not transferred any amount to the legal reserve as this will be transferred at the year-end (31 December 2020: RO 145,023).

15 Contingency reserve

In accordance with the Capital Market Authority Decision No. 19/2007, issued on 4 June 2007 as authorised by Royal Decree number 34/2007, 10% of the outstanding claims at the reporting date is required to be transferred to a contingency reserve which is not distributable without the prior approval of the Capital Market Authority. The Company may discontinue such annual transfers when the contingency reserve equals the Company's paid-up share capital.

For the period from 1 January 2021 to 30 June 2021, no amount has been transferred to the contingency reserve as the Company intends to transfer this amount at the year-end (31 December 2020: RO 1,305,206).

	Current portion of bank deposits	9,915,268	7,415,268
		18,453,268	13,415,268

Bank deposits represent deposits placed with a commercial bank in the Sultanate of Oman, which are denominated in RO and earn interest at commercial rates ranging between 4.00% and 4.90% per annum (31 December 2020: between 3.75% and 4.90% per annum). The deposits which are due for maturity after one year have been disclosed as part of non-current assets.

The current portion of bank deposits represents deposits which will mature after 3 months but before 1 year. Deposits maturing within 3 months have been disclosed as part of cash and cash equivalents.

22 Cash and cash equivalents

For the purposes of the condensed interim statement of cash flows, cash and cash equivalents comprise the following:

	30 June 2021	31 December 2020
	(un-audited)	(audited)
Cash on hand	350	379
Current and call account balances with banks	4,034,515	4,124,397
Short-term fixed deposits	1,000,000	4,538,000
	5,034,865	8,662,776

The current account balances with banks are non-interest bearing.

Balances in call accounts and short-term fixed deposits with local commercial banks earn interest rates ranging between 0.1% and 4.0% per annum (31 December 2020: between 0.1% and 4.0% per annum).

23 Taxation

Tax assessments of the Company for the years upto 2016 have been finalised. Tax assessments for the years 2017 to 2020 have not yet been agreed with the Oman Tax Authority. The Company's management is of the opinion that additional taxes, if any, assessed for the open tax years would not be material to the Company's financial position as at 30 June 2021.

Provision for income tax amounting to RO 119,900 (30 June 2020: RO Nil) has been made after giving due consideration to adjustments for potential allowances and disallowances.

Deferred tax asset is prudently not recognised as management is of the view that the Company's operations, by their inherent nature, are exposed to certain variables that create uncertainty over availability of sufficient future taxable profits against which deferred tax assets can be utilised prior to its expiry.

30 Operating segment

The Company has two reportable segments, as described below, which are the Company's strategic business units. The strategic business units offer different products and services, and are managed separately because they require different technology and marketing strategies. For each of the strategic units, the Company's Board of Directors and senior management reviews internal management reports on at least a quarterly basis.

COVID-19 impact

The outbreak of COVID-19, declared as a global pandemic by the World Health Organisation in March 2020, continues to spread across the world. The pandemic had significant impact on the Sultanate of Oman and other world economies and this is expected to continue for the near future.

The ongoing COVID-19 pandemic is a concern for reinsurers as the market is expected to be exposed across many lines of business. However, the robust risk adjusted capitalisation will ensure that the reinsurers are in a good position to absorb any potential COVID-19 losses on both the underwriting and investments of the Company.

The Company's management has prudently and with a conservative approach, reviewed the potential impact of COVID-19 on its operations and is confident that most of the business areas are not expected to have any material impact from COVID-19 related stress.
