Board Report

2016/2017 Instructional Calendar

Background:

The state of California requires 175 days of instruction annually for all public schools. The Classical Academies have traditionally always offered 180 days of instruction planned and details those specific days on a Board approved calendar.

Report:

In the January 2016 Board meeting the Board approved the instructional calendar for the 2016/2017 school year. In doing so, the Monday, January 2, 2017 was presented as an instructional day. It was later discovered that this is the federal holiday for New Years Day. We have updated the calendar and January 2, 2017 will now be an additional holiday for families. This lost instruction day will not be added to the calendar and students will have 179 instruction days this year as a result.

As schools offering independent study, the loss of one day will not have a financial impact on the program as student ADA is collected on academic outcomes and not spending time in a seat. Hence, the possible ADA will be spread over 179 days and not 180 days. If the student completes all assigned work as gauged and evaluated by the credentialed teacher, the school will collect 100% ADA for that student.

Action Required by the Board:

It is the recommendation that the Board approve the updated instructional calendar including 179 days for the 2016/2017 school year.
