To provide families the option of participating in the educational program that is offered at Coastal Academy, the governing board has adopted the following policy and procedures for independent study.

#### Board Policy - Independent Study

Coastal Academy shall not be eligible to receive apportionments for independent study by pupils, regardless of age, unless it has adopted written policies, pursuant to rules and regulations adopted by the Superintendent of Public Instruction for the state of California, that include, but are not limited to, all of the following listed in Education Code 51747:

- (a) The maximum length of time, by grade level and type of program, that may elapse between the time an independent study assignment is made and the date by which the pupil must complete the assigned work.
- (b) The number of missed assignments that will be allowed before an evaluation is conducted to determine whether it is in the best interests of the pupil to remain in independent study, or whether he or she should return to the regular school program. A written record of the findings of any evaluation made pursuant to this subdivision shall be maintained in the pupil's permanent record.
- (c) A requirement that a current written agreement for each independent study pupil shall be maintained on file including, but not limited to, all of the following:
  - (1) The manner, time, frequency, and place for submitting a pupil's assignments and for reporting his or her progress.
  - (2) The objectives and methods of study for the pupil's work, and the methods utilized to evaluate that work.
  - (3) The specific resources, including materials and personnel, which will be made available to the pupil.

ESCONDIDO | VISTA | OCEANSIDE | ONLINE

- (4) A statement of the policies adopted pursuant to subdivisions (a) and (b) regarding the maximum length of time allowed between the assignment and the completion of a pupil's assigned work, and the number of missed assignments allowed before an evaluation of whether or not the pupil should be allowed to continue in independent study.
- (5) The duration of the independent study agreement, including the beginning and ending dates for the pupil's participation in independent study under the agreement. No independent study agreement shall be valid for any period longer than one school year.
- (6) A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the pupil upon completion.
- (7) The inclusion of a statement in each independent study agreement that independent study is an optional educational alternative in which no pupil may be required to participate. In the case of a pupil who is referred or assigned to any school, class, or program pursuant to Section 48915 or 48917, the agreement also shall include the statement that instruction may be provided to the pupil through independent study only if the pupil is offered the alternative of classroom instruction.
- (8) (A) Each written agreement shall be signed, prior to the commencement of independent study, by the pupil, the pupil's parent, legal guardian, or caregiver, if the pupil is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the pupil. For purposes of this paragraph "caregiver" means a person who has met the requirements of Part 1.5 (commencing with Section 6550) of the Family Code.

(B) A signed written agreement may be maintained on file electronically.

#### **Summary and Implementation**

- Students must complete work assigned in all core subject areas to continue in the program. If the student does not complete 80% or (4) or more assignments in a core subject area an evaluation is conducted to determine whether it is in the best interest of the pupil to remain in independent study. #### **Board Report**

TCA Registrar Policy and Procedures
May 2016

#### Background:

With the growth of TCA, it is important to have standardized policies and procedures for all site registrars. These policies reflect best practice and where applicable legal requirements. These policies and procedures are being added to a Schoology course where front office staff, registrars, and site leaders can access the policies and procedures as needed and for annual review.

#### Report:

The current policies and procedures include:

- 1. TCA Audit File Procedures 3 files to be maintained.
- 2. TCA Household Information Update Policy maintaining Proof of Residency
- 3. TCA EL Update Policy Accurately report EL students in the SIS and reporting CELDT/EL scores

#### **Action Required by the Board:**

This is an information only item and the Board requires no action.

#### **TCA Audit File Procedures**

As a best practice schools should keep a minimum of two files per student and sometimes three.

#### File 1 (Student CUM):

The Student Cum file should be rarely touched and accessed. This file is cumulative for the entirety of the student's K-12 education. This file goes with the student when they leave the school. This file must contain everything required by law of all schools and programs and in addition:

- Copy of ISA
- Copy of all Action/Accountability Plans and Alerts
- Copy of any letters of correspondence regarding Evaluation of Continued Enrollment

#### File 2 (Student Audit File):

The Student Audit File is kept for three years not including the current school year. (If an exception is found during the audit, the files must be retained until the matter is closed). The Student Audit File is accessed at least each unit/quarter and contains the following;

- ISA and additional signers page if necessary
- Action/Accountability Plans and Alerts
- AWRs with samples attached
- Reading Logs
- List of credits/courses attempted for ADA (high school)
- Copy of transcript (not required, but best practice at year end)

#### File 3 (Teacher's Working File):

This file is kept by the teacher and is where they keep extra samples, correspondence, and personal records.

- Samples
- Letters from students/parents
- Medical notes

### If a student is redesignated as other than EL (IFEP or RFEP):

- When a student is IFEPed:
  - If a student is found, after testing, to be initially fluent (IFEP), then the registrar or CELDT/EL Coordinator will send the IFEP letter to the parent and put a copy in the CUM file.
  - o Pathways will be updated. The EL Acquisition status will be changed to Initial Fluent English Proficient.
- When a student is RFEPed:
  - If a student is found eligible for reclassification as Fluent English Proficient (RFEP), the form to reclassify will be given to the student's teacher to be signed by the teacher and parent.
  - Once the form is returned, Pathways will be updated. The EL Acquisition status will be changed to Reclassified Fluent English Proficient.
  - o RFEP form is to be filed in the CUM.

#### Additionally:

- The student's Home Language never changes. The Language Acquisition status is the only status that changes via testing in Pathways.
