

Welcome to Northside Conference Centre

Sydney's exclusive venue
with a difference.

Northside
Conference Centre

Venue with a difference

Just minutes from the CBD, North Sydney, and Ryde Business District, Northside Conference Centre is the venue solution the North Shore has been waiting for. From conference to cocktail party, Northside's purpose built venue offers a diversity of function configuration possibilities all within one location.

Four to Four Hundred

We offer eight stylish and spacious rooms, ranging from a 4-person meeting room up to a 400-person auditorium complete with stage and performance lighting. All rooms are complete with state-of-the-art audio visual equipment and can be configured specifically to your event.

The Perfect Location

Easily accessible via car or public transport, Northside is a 2-minute walk from St Leonards train station and is located one block from the Pacific Highway. Conveniently situated in Crows Nest on Sydney's lower North Shore, it is close to restaurants, bars, hotels and accommodation.

A Dedicated Team

"We could not fault the entire experience. You went above and beyond to make sure all of our various needs were met, were incredibly patient and we cannot thank you enough." - Marissa, NSW Government

We are proud to offer our clients state of the art audio visual services. We are equipped to cater for events ranging from just a single wireless microphone, to an international hybrid event with virtual guests and live streams.

Visuals

The venue boasts a large LED screen that can display any video source, presentation or graphics in high resolution and clarity for all attendees. A second projector screen to the side of stage allows additional flexibility such as showing remote presenters, additional branding or sponsor reels. And a third projector screen facing the stage is very popular for displaying presenter notes, clocks and a view of remote guests.

Audio

An industry standard “DiGiCo SD9” audio console sits at the helm of a powerful audio system suitable for conferences, AGM’s, large music performances and concerts. Plenty of Inputs and Outputs on stage, and network connectivity means we can cater for almost any scenario.

Connectivity

A high speed and reliable Internet Connection and Wi-Fi system enables connectivity for guests, Live Streams and Hybrid Events. Additional connectivity between the other spaces in the venue allows for overflow or separate breakout rooms to be connected into the main auditorium, hear the audio and see the camera feed of the venue.

Venue Specifications

Northside Conference Centre offers modern and contemporary rooms to suit all your event needs in one location. We offer 8 stylish and spacious rooms, ranging from a 4-person meeting room up to a 400-person auditorium complete with stage.
