Excellence in woven and printed decorative ribbons

We are vertical in production of ribbons & tapes

By offering a full, vertically integrated, high-tech label tape manufacturing capacity, we are able to customize synthetic and natural fiber tapes that need to be dyed-to-match in a variety of weaving textures and colors.

Many qualities, capabilities & solutions to choose from

We offer an extensive array of fibers ranging from synthetics such as polyester (satins & taffetas), and poly-cotton blends to natural fibers such as cotton, organic cotton and organic bamboo, as well as recycled polyester.

You may choose your tapes as woven-edged or slit cut. Our jacquard ribbons are flat, tubular or thick and you may even add your logo and message to them.

Convenient production facilities in most major sourcing locations in the world

Our in-country production facilities offer you on-time expedited ribbons & tapes to meet the fast-paced production lead times in today's apparel market.

For samples or more information on our offerings, please contact your Sales Representative.
