ABOUT US

CAREERS

The background of the entire page is a collage of industrial images, including scaffolding, pipes, and storage tanks. A large, thick red circular graphic is superimposed over the center of the page, framing the main text.

BECAUSE RESULTS MATTER

**Axis delivers
when others can't.**

PROVIDING INDUSTRIAL-STRENGTH SPECIALTY
SOLUTIONS FOR MAINTENANCE, TURNAROUNDS
AND CAPITAL PROJECTS.

1,000+

QUALIFIED EMPLOYEES
AT 5 OPERATIONAL CENTERS

2,000,000

LABOR HOURS EACH YEAR TO PROVIDE
HANDS-ON RESULTS TO HUNDREDS OF CUSTOMERS

THE FOUNDATION FOR RESULTS.

EXPERIENCE.

More than 1,000 qualified employees headquartered at five Gulf Coast operational centers, working nearly 2 million labor hours each year to provide hands-on results to hundreds of customers.

QUALITY.

Meeting the needs of industrial, petrochemical, energy, LNG and paper and pulp clients by combining skilled workmanship, the technical expertise and an ongoing investment in technology.

RELIABILITY.

The ability to scale up a cross-trained and certified workforce to meet stringent specifications on time and within budget, regardless of project size or complexity.

SAFETY.

The core of every decision we make and everything we do, from the field to the shop to the corporate office. With employees trained to ensure our Safety First mindset and empowered to stop work, keeping clients, colleagues and assets safe.

RESULTS-DRIVEN SERVICES AND CAPABILITIES.

- ▶ **Scaffolding.** Experience ranging from building simple scaffolds to erecting complex towers and suspended scaffolds.
- ▶ **Coatings.** In-shop application of external and internal coatings across a range of technologies and equipment. On-site surface preparation to ensure coating resilience.
- ▶ **Fireproofing.** Certified application of materials to avoid potential structural failures associated with catastrophic fire.
- ▶ **Insulation.** Installation of insulation materials for specific processes, including heat conservation, cryogenics, acoustics and personnel protection.
- ▶ **Linings.** Substrate corrosion protection for storage tanks, piping, plant process equipment, towers, exchangers, and more.
- ▶ **Abatement.** Asbestos and lead abatement, from encapsulation to full containment. Meeting or exceeding all environmental regulations and requirements.

OUR MISSION

To support our people and communities through the safe delivery of world-class industrial specialty services that our customers rely on every day.
