Cost Plus Drugs for Employers

When discount programs simply aren't good enough...

We work with employer sponsored benefit groups to allow your members to utilize their prescription drug card at the Cost Plus Drug pharmacy.

We can work with your existing PBM to gain access to your pharmacy network at our transparent cost-plus pricing model, or as a standalone "bolt-on" pharmacy benefit.

We have developed the Team Cuban Card Benefit program for individuals and small groups, as well as our Cost Plus Drugs Affiliated Pharmacy Network which may be utilized by your organization to access our discounted rates at local pharmacies.

With any of these solutions, your members will have the opportunity to access high quality medications at our cost-plus pricing.
