Introducing

**In Equity in OC's
Action & Learning Community,
you are taking action**

Let's do more learning together

**We will send each team your own
Improvement Tracker**

**It is part project management tool,
part learning and reflection tool**

Don't worry, it's not new work!

**The Improvement Tracker will help
structure your team's learning
and coaching calls**

What's in it for you

- Build a narrative about what your equity improvement team is accomplishing
- Easy way to collect data and show progress
- Use it to submit reports to your leadership or funders
- Use it to apply to future funding opportunities
- Use it to organize your team's work in between calls

What's in it for the Action & Learning Community

- Helps us pass you the mic—EiOC will invite your team to present in calls and lead CHILA workshops
- Coaches will offer ideas, connections, and resources
- Prevents silos; if two teams are working on the same thing, your Trackers will tell us so that we can tell you
- Fuels “all teach, all learn” activities

How you'll use the Improvement Tracker

- We'll email a link to your team's Improvement Tracker by next week
- Fill it out with your coach
- In January, design your team's measures, and answer short reflection questions about how your team is working
- In the spring, we'll add data-tracking tabs (once your team begins testing changes)

Watch for an email next week

Your improvement coach is here to help!
