CHANGING THE CONVERSATION ABOUT HOMELESSNESS IN ORANGE COUNTY

Over the last five years, **hundreds of residents and organizations in Orange County** have participated in Hunger and Homelessness Awareness Week—a national effort where people come together to learn more about homelessness in the community, engage in conversations, and shine a light on solutions to homelessness.

This year, we are looking to **Change the Conversation About Homelessness in OC.**

Partners from across the county have been hard at work creating a community-wide awareness and education campaign packed with **events, activities, and tools** to engage in meaningful discussions and the local efforts underway to **#EndHomelessnessOC**.
