# *Welcome To The Hall Of Fame*

## *WELCOME TO THE HALL OF FAME 110 YEARS OF PIRATE PRIDE*

**N**ow in its eleventh year, the Oceanside High School Foundation Hall of Fame is proud to recognize and display the accomplishments of 85 former Pirates, including the six newest honorees representing the Class of 2016. Today, the OHS Foundation/Alumni Association joins the school and community in acknowledging the Hall of Fame's newest members.

Originally formed in 1986, the OHS Foundation continues to sponsor and organize the OHS Hall of Fame and serve as a liaison and database for alumni and their respective classes. Working on behalf of the students of Oceanside High School, the Foundation helps provide funds for student scholarships, faculty grants, capital improvements, class reunions and other school-related events as well as maintain the school's archives.

With its storied 110-year history, Oceanside High School has long been considered a focal point of the North County and our beautiful beach community. Throughout its history, OHS has developed, and continues to maintain, an outstanding reputation for producing graduates who have made tremendous contributions to society.

Through the work of the Foundation, it is our goal to continue honoring all OHS graduates worthy of Hall of Fame consideration. On behalf of the Foundation, we thank you for taking part in today's celebration.

For more information, to make contributions, or to make nominations to the OHS Hall of Fame, go to [www.ohsfoundation.org](http://www.ohsfoundation.org). The mailing address for the Foundation is: P.O. Box 58, Oceanside, CA 92049-0058.

# Richard Selby

*Class of 1963*

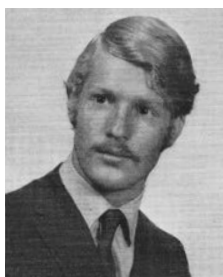

Life is meant to be a challenge and, if we want to live to our highest potential, it will take courage. I was never the smartest, the best athlete, or the most popular. During my formative years, I dealt with a dysfunctional family. My father eventually died of cirrhosis of the liver and my older brother went to prison. Who was I? What did I want to be? I was a stutterer and shy. However, everything that happens to us in life is for our own good. Like the grapes that produce the best wine are often grown in a rough terrain, a rough terrain in life can and does make us stronger. With mediocre grades in high school, junior college was my only option. I did well, joined the track team, becoming a top javelin thrower. UCLA followed with a full athletic scholarship for track. I became an "All-American" and a member of the most successful track team in NCAA history. School psychology was to be my calling. I worked 16 years at Garfield High School, home of the movie "Stand and Deliver." I developed a group-counseling program and wrote a handbook on group counseling. My peers twice selected me as "School Psychologist of the Year." Channel 11 News hailed me as their "Hero of the Week," for saving students' lives. I started beach volleyball and twice won the California State Cup Master's Division and the Santa Barbara Tournament, considered to be the National Master's Beach Championship. I traveled to India adopting the philosophy of a holy man: love, peace, truth, and non-violence. I traveled to Brazil adopting the philosophy of love and light, and service to others. I've now written seven books, three published in India. I believe each day is a gift and can take no credit for my successes. How did all of this happen? Who knows? But I continue to learn, to grow and to live my life to the fullest. Life is meant to be a work of art and we each produce our own picture. Make it a masterpiece!

## Arts

# Mark Phelps

*Class of 1971*

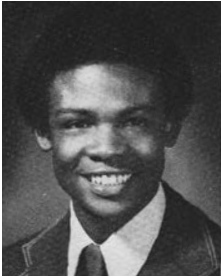

Mark retired from Oceanside High School after teaching 33 years of his 35-year career of instructing instrumental music to high school students. He taught thousands of students a wide range of instruments from strings in orchestra to winds and percussion in marching band and drum line, teaching the fundamentals of reading music, counting time, tuning instruments, performing as an ensemble along with lessons that can be carried into all aspects of life. Students always found his enthusiasm for music truly inspiring. Over his career Mark has taken his performing groups on countless successful trips all over Southern California and across the United States. His 2010 drum line were bronze medalists in the Southern California Percussion Alliance Championships and then earned a bronze medal against 54 groups competing from around the world in Dayton, Ohio. Many of Mark's students have continued performing after high school. Some have gone on to be music majors in colleges and universities, some have started their own bands, while others play for their own enjoyment. One student, Tad Calcara, performs with the Utah Symphony where he has been the principal clarinet musician since 1999. Mark has dedicated his life to music. Along with his teaching, he has performed with groups such as Bandit, North Star and Jurassic Jazz. Most recently he plays with "Gicky and the Monsters" and the Big Band Jazz Hall of Fame. His love for music also takes him to the Moonlight Amphitheater where he plays in the orchestra pit for many of their musical productions. Recently the Oceanside Cultural Arts Foundation honored him for his outstanding performance and lasting contribution in promoting music and the arts in North San Diego County. In the spring of 2015 the Oceanside Unified School District honored him by renaming the OHS band room as the "Mark Phelps Music Room". Mark and his family reside in Oceanside as he continues to make music a part of the culture of San Diego County.
