

BASIL—OCIMUM ☀

Ocimum basilicum 'Cinnamon'
'Cinnamon' Basil

H: 36" 90cm Zone: 9
Known for its darker colour and spicy, cinnamon-like aroma and taste. Has distinctive cinnamon-coloured stems.

Ocimum basilicum 'Genovese'
Sweet Large Leaf Basil

H: 24-36" 60-90cm Zone: 9
This Italian variety has extremely tender, fragrant, extra-large, dark green leaves and is superb for pesto.

Ocimum x citriodorum
Lemon Basil

H: 18" 45cm Zone: 7
Attractive, spreading silver-green plant with lemony aroma and great flavour.

Ocimum basilicum 'Anise'
'Licorice' Basil

H: 18-24" 45-60cm Zone: 9
An uncommon basil with a rich licorice-anise like aroma mixed with classic basil.

Ocimum basilicum 'Purple Ruffles'
'Purple Ruffles' Basil

H: 24" 60cm Zone: 9
Named for its ruffled, purple leaves that have a rich, complex flavor and aroma. Pinkish purple summer flowers add more colour.

Ocimum basilicum 'Spicy'
'Spicy Globe' Basil

H: 6-12" 15-30cm Zone: 9
Dwarf, compact herb with dark, very fragrant green leaves. Has very tender leaves, excellent for eating fresh in salads.

Borago officinalis

Borage

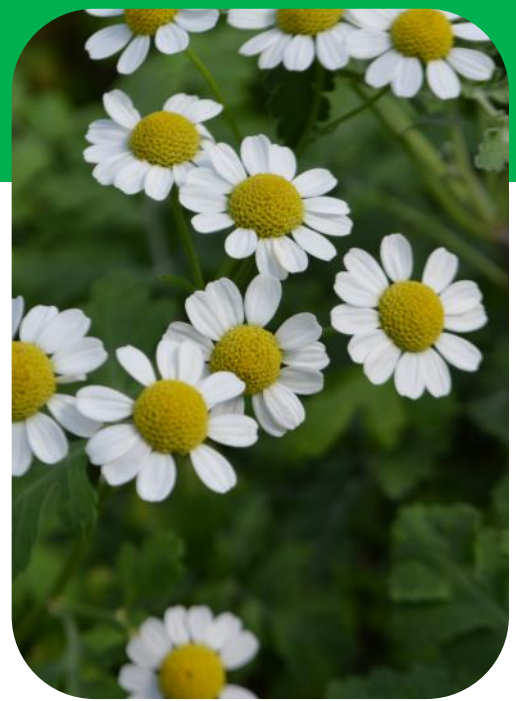

H: 36" 90cm Zone: 9
A tall and vigorous annual easily recognised by its 'hairy' leaves and attractive blue star-shaped flowers. Cucumber flavour

Nepeta cataria

Catnip

H: 24-36" 60-90cm Zone: 3
Vigorous easy to grow perennial herb beloved by house cats. Medium green foliage is topped by small white flowers that bloom from spring to fall.

Matricaria recutita

Chamomile German

H: 6-12" 15-30cm Zone: 9
Sturdy, upright herb with fine textured, feathery aromatic foliage. Flowers resemble white daisies with large yellow centres. Fragrance and flavor resemble apples.

Anthriscus cerefolium

Chervil Curled

H: 12-18" 30-45cm Zone: 3
Delicate, mound-forming perennial herb. Bright green, fine textured, fern-like foliage is aromatic and tastes similar to anise.

Allium schoenoprasum

Chives

H: 12-18" 30-45cm Zone: 3
Grows in clumps of long, tubular leaves with spherical lavender flowers. Easy to grow; trim off bits as needed to enjoy its onion-like flavour.

Allium tuberosum

Chives Garlic

H: 12-18" 30-45cm Zone: 4
Clump forming, perennial herb with long tubular leaves and elegant white flowers on long stalks. Chopped leaves and flower buds may be added to salads or used as garnish.

Chrysanthemum parthenium 'Matricaria'

Feverfew

H: 12-36" 30-90cm Zone: 45

Sun-loving perennials with a history that goes back centuries. Flowers vary in size and colours but all are presented in alarming abundance.

Coriandrum sativum 'Santo'

Cilantro Santo

H: 12-24" 30-60cm Zone: 5

Aromatic herb that is great for using fresh or dried. Plants are slow to bolt for an extended harvest season.

Anethum graveolens 'Hera'

Dill 'Hera'

H: 24-36" 60-90cm Zone: 8

Bushy herb with fine textured, fern-like foliage. Used as flavouring fresh or dried to season fish, pickles, or other vegetables.

Marrubium vulgare

Horehond

H: 10-18" 25-45cm Zone: 2

Native herbaceous perennial in Europe, Asia and northern Africa. Grows on nutrient-poor, dry and sandy soils.

LAVENDER—LAVANDULA ☀

'PRIMAVERA SPANISH'

Lavandula stoechas 'Anouk'

H: 16-18" 41-46cm Zone: 7

Shrubby perennial herb that is wonderful in mixed borders. Excellent cut fresh or dried.

'ROSEA ENGLISH'

Lavandula angustifolia 'Rosea'

H: 2-36" 60-90cm Zone: 5

Grown for its fragrant soft pink blossoms.

'FRAGRANT BUTTERFLY'

Lavandula stoechas pedunculata

'Fragrant Butterfly'

H: 16-18" 40-45cm Zone: 7

Impressive French stoechas lavender with rich magenta petals and dark bracts on slender stalks.

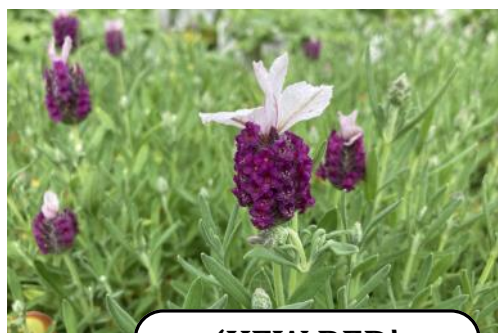

'SWEET DREAMS'

Lavandula angustifolia 'Sweet Dreams'

H: 16-20" 41-51cm Zone: 5

Fragrant spikes of deep-blue flowers spring through fall. Attracts bees, butterflies and hummingbirds.

'KEW RED'

Lavandula stoechas 'Kew Red'

H: 24" 60cm Zone: 6

Shrubby growth habit with a perennial that is wonderful in mixed borders. Showy pink and red blooms are a magnet for butterflies.

LEMON BALM

Melissa officinalis

H: 36-48" 90-120cm Zone: 9

Leaves have a mild lemon scent. During the summer, small white flowers appear.

LEMON VERBENA

Aloysia triphylla

H: 36-48" 90-120cm Zone: 9

As a culinary herb, lemon verbena makes one of the best beverage teas, especially when blended with mint.

LIME BALM

Melissa officinalis 'Lime'

H: 24" 60cm Zone: 4

Very similar to lemon balm in appearance and growth but the scent is closer to lime. Use in beverages or fruit salads.

Marjoram Sweet

H: 24" 60cm Zone: 6
A hardy bushy annual with slender 4-sided red stems bearing ovate grey opposite leaves and clusters of tubular white flowers.

Origanum marjorana

Gold Tipped Marjoram

H: 6-12" 15-30cm Zone: 5
A vigorous creeper with small, rounded green leaves edged in gold. Small, pink flowers in early to late summer.

Origanum vulgare

Mint—Mentha

All mints are vigorous spreaders and should be contained

Mentha suaveolens

Mentha arvensis 'Banana'

Mentha x piperita f. citrata

Mentha arvensis

Apple Mint

H: 24" 60cm Zone: 5
Apple mint's wavy, gray-green leaves have a sweet, fruity aroma.

Banana Mint

H: 12-18" 30-45cm Zone: 4
Banana mint is a very unique, fragrant perennial herb. Use in teas, desserts and salads.

Chocolate Mint

H: 12" 30cm Zone: 4
A very strong flavoured mint with dark green, practically brown, leaves and small whorls of purple flowers.

Ginger Mint

H: 24-30" 60-75cm Zone: 5
Soft rounded, bright green fuzzy leaves splashed with golden-yellow. Has mild, faint ginger flavour and aroma.

Mentha x villosa

Mentha aquatic 'Citrica'

Mentha pulegium Pennyroyal

Mentha x piperita

Mojito Mint

H: 18-24" 45-60cm Zone: 4
Delightfully aromatic bright green foliage adorns this spreading herb.

Orange Mint

H: 18-24" 45-60cm Zone: 4
Dark green rounded leaves topped with spikes of small lavender flowers in summer. Leaves have a minty-orange fragrance and taste.

Pennyroyal Mint

H: 12-18" 30-45cm Zone: 5
Great for ground cover. Not a culinary herb and should not be ingested. Crushed leaves give off spearmint smell.

Peppermint

H: 12-18" 30-45cm Zone: 3
Sprawling mounds of purple-tinged green, aromatic foliage. Spikes of lavender flowers appear in midsummer.

Mint—Mentha

All mints are vigorous spreaders and should be contained

Mentha suaveolens 'Variegata'

Pineapple Mint

H: 10" 25cm

Zone: 4

Distinct, pineapple-scented, green and white variegated leaves are ideal in teas, as a garnish, or for brightening up the garden.

Mentha spicata

Spearmint

H: 12-18" 30-45cm Zone: 4

Vigorous, bushy perennial herb with bright green, textured, aromatic foliage.

Mentha spicata subsp. citrata

Strawberry Mint

H: 12-18" 30-45cm Zone: 3

Sturdy, compact herb with crinkled, bright green strawberry-scented foliage.

Oregano—Origanum

Origanum vulgare

Oregano

H: 12-18" 30-45cm

Zone: 5

Bushy, shrub-like perennial herb. Aromatic, bright green leaves are oval-shaped, and small tubular lavender blooms appear in the summer.

Origanum vulgare 'Hot & Spicy'

Oregano 'Hot & Spicy'

H: 18-24" 45-60cm

Zone: 6

Vigorous herb with highly aromatic, spicy flavored leaves topped by pink flowers in summer. Its intense flavor is great to spice up Mexican cuisine.

Origanum vulgare hirtum

Oregano Greek

H: 6-12" 15-30cm

Zone: 4

Valued for the highly aromatic and flavourful foliage. A great culinary herb used in soups, sauces, stews, salad dressings and more.

PARSLEY—PETROSELINUM ☀

Curled Parsley

Petroselinum crispum

H: 12-18" 30-45cm

Zone: 5

Small, delicate perennial herb with bright green fern-like foliage. Used as a garnish, for seasoning, and for freshening breath.

Italian Parsley

Petroselinum crispum var. neapolitanum

H: 18-24" 45-60cm

Zone: 5

Small, delicate perennial herb with bright green fern-like foliage. Flavour is slightly peppery and stronger than the more common parsley.

ROSEMARY—ROSMARINUS

Rosmarinus officinalis
Rosemary

H: 48-60" 120-150cm Zone: 6

Woody evergreen shrub bearing greyish-green, aromatic needle-like leaves. Grown for both its culinary and ornamental value. Use fresh or dried.

Rosmarinus officinalis 'Gorizia'
Rosemary 'Gorizia'

H: 48-60" 120-150cm

Zone: 7

Woody, upright evergreen shrub highly prized for its aromatic leaves. Useful in the garden as an accent or in containers, can be trained in topiary forms.

Rosmarinus officinalis 'Prostratus'
Creeping Rosemary

H: 18-24" 40-60cm

Zone: 7

Low growing evergreen shrub with aromatic, needle-like foliage.

Rosmarinus officinalis 'Rex'
Rosemary 'Rex'

H: 36" 90cm

Zone: 6

An especially fragrant variety that can be used either fresh or dried. Dark green foliage is peppered with attractive dark blue flowers in spring. Use fresh or dried in stuffings. Use to flavour meat especially lamb, very tasty on roasted vegetables.

Rosmarinus officinalis 'Spice Island'
Rosemary 'Spice Island'

H: 3-4' 90-120cm

Zone: 8

A tall, upright rosemary named for its very flavourful, grey-green, needle-like foliage. Use fresh or dried.

Rosmarinus officinalis 'Tuscan Blue'
Rosemary 'Tuscan Blue'

H: 48" 120cm

Zone: 7

Be sure to plant Rosemary as close to your kitchen door as possible. Just brushing past the stems will release a wonderful fragrance. Rigid, upright branches display blue-violet flowers.

SAGE—SALVIE ☀

Salvia officinalis

Sage

H: 24-36" 60-90cm

Zone: 4

Semi-woody, shrubby perennial herb that grows in clumps of silvery green, fuzzy, aromatic foliage. Spikes of lavender flowers appear in midsummer.

SAVORY—SATUREJA ☀

Satureja hortensis

Summer Midget Savory

H: 6-12" 15-30cm Zone: 7

Half hardy perennial herb with slender, erect stems, bronze leaves, and small pink flowers.

Satureja montana

Creeping Winter Savory

H: 12" 30cm Zone: 4

Strongly aromatic with glossy leaves that can be used fresh or dried in a variety of dishes.

Stevia rebaudiana

Sugarleaf Stevia

H: 24" 60cm Zone: 11

A wholesome alternative to processed sugar. Great to use in drinks, soups and meats.

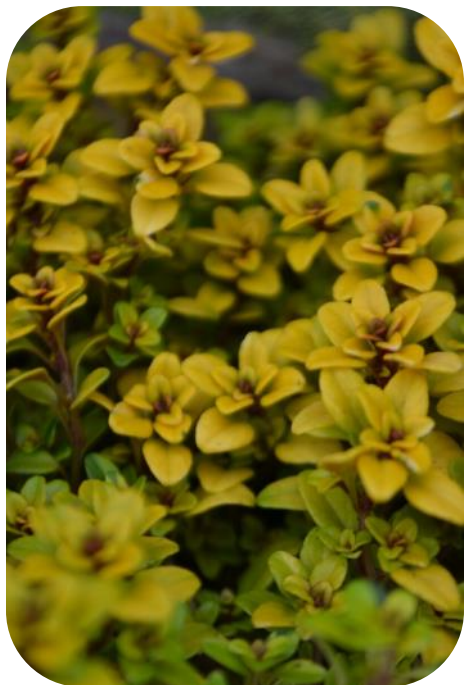

Artemisia dracunculus 'Sativa'

Tarragon 'French'

H: 24" 60cm Zone: 4

Perennial herb that is mainly used in sauces and vinegars, but also with chicken and egg dishes.

Thyme —THYMUS

Thymus 'Bertram Anderson'

Thyme 'Bertram Anderson'

H: 2-4" 5-10cm Zone: 4

Dwarf, compact perennial that spreads into thick mounds of golden, fragrant foliage.

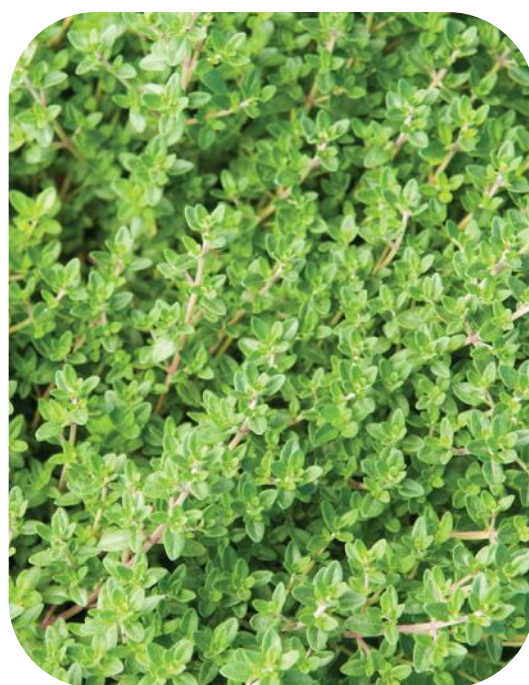

Thymus 'Doone Valley'

Thyme 'Doone Valley'

H: 6" 15cm Zone: 4

Compact, spreading perennial that forms dense mats of green/yellow variegated, fragrant foliage. Lemon scent.

Thymus vulgaris

Thyme 'English'

H: 12-18" 30-45cm Zone: 4

Aromatic fresh or dried leaves can be used in meats, poultry, stews, soups, vegetables and beans.

Thymus vulgaris 'French'

Thyme 'French'

H: 6-8" 15-20cm Zone: 4

Purple to white flowers with narrow, fragrant green leaves. Scented foliage.

Thymus vulgaris 'Aureus'

Thyme 'Golden Edge'

H: 6-10" 15-25cm Zone: 5

Golden-edged leaves are aromatic with a slight lemon scent. Does well in dry, sunny locations.

Thymus x citriodorus 'White Edge'

Thyme 'White Edge

Lemon' H: 4-12" 10-30cm

Zone: 4

Deliciously lemon scented with white edged leaves are highlighted by soft purple blooms in summer. Attracts bees.
