'Elegans'**

Porcelain Vine

H: 10-20' 300-610cm Zone: 3

Variegated foliage that first emerges with a pinkish tint. Adds colour and texture to the garden.

Flowering Period: Summer

CAMPSIS

'Flamenco' 
Flamenco Trumpet Vine

H: 40' Zone: 3

Very hardy, fast growing, deciduous woody vine has unique trumpet-shaped bright red flowers.

Flowering Period:

Late Summer-Early Fall

'Indian Summer' 
Indian Summer Trumpet Vine

H: 12' Zone: 3

Vigorous vine produces shiny dark green foliage and an abundance of large slightly fragrant red-orange trumpet flowers with yellow outsides in early summer to early fall.

Flowering Period: Early Summer-Fall

'Radicans' 
Trumpet Vine

H: 40' Zone: 4

Vigorous, clinging, deciduous vine with showy, red-orange trumpet shaped flowers.

Flowering Period: Summer

CELASTRUS

scandens 'Diana' 
Diana American Bittersweet

H: 20' Zone: 2

Vigorous, twining vine is grown for its orange berries with yellow centers in fall. Plant male companion 'Hercules' for pollination.

Flowering Period: Summer

scandens 'Hercules' 
Hercules American Bittersweet

H: 20' 610cm Zone: 2

This vigorous, twining vine is the male variety of the American Bittersweet. Plant with 'Diana' for fruit.

Flowering Period: Summer

HEDERA

helix

'Baltica'
English Ivy

H: As trained Zone: 3

Vigorous, aggressive, fast-growing, evergreen. May be invasive in certain areas.

'Glacier'

Glacier English Ivy

H: 6' Zone: 5

Self-clinging perennial vine has medium, triangular mid green leaves with silver-gray variegation and white margins. Evergreen.

'Yellow Ripple'

Yellow Ripple English Ivy

H: 30-40' Zone: 5

Vining perennial that spreads into an easy-care ground cover. Lobed leaves are greyish-green edged with bright yellow.

HUMULUS

Humulus lupulus

Hops Vine

H: 20' Zone: 3

Fast growing with dark lobed leaves and yellow flowers. This vine is herbaceous, dying back in winter, but quickly resprouting in spring.

Flowering time:
Spring

Humulus lupulus 'Aureus'

Golden Hops

H: 6m Zone: 4

Vine with golden, deeply lobed foliage. Easy to care for. Dies back after frost but grows back quickly in the spring.

Flowering time: Late
Summer-Early Fall

HYDRANGEA

Climbing Hydrangea

Hydrangea

petiolaris

'Miranda'

Height: 2-10m

Zone: 4

Self-clinging vine that produces large flat clusters of lacy white flowers in spring. Attractive foliage and bark give year round interest.

Flowering Period: Spring

heckrottii 'Gold Flame'

Gold Flame Honeysuckle

H: As Trained Zone: 4

Beautiful, vigorous, climbing vine with flowers which bloom all season. Flower buds are red opening to pink and yellow.

Lonicera 'Honeydew'

Honeydew Honeysuckle

H: 30' Zone: 4

A new climbing honeysuckle that is distinguished by its yellow and green variegated foliage. Fragrant white blooms age to yellow in the summer.

Flowering Period: Summer

japonica 'Halliana'

Hall's Honeysuckle

H: 16' Zone: 4

Vigorous, quick-growing perennial shrub with fragrant white and yellow blooms and semi-green foliage.

Flowering Period: Late Spring-Mid Summer

'Mandarin'

Mandarin Honeysuckle

H: 15-20' Zone: 3

Orange-red flowers with pale orange interiors attract hummingbirds.

Flowering Period: Late Spring—Fall

periclymenum 'Harlequin'

Harlequin Honeysuckle

H: 10' Zone: 3

This colourful vine makes everyone happy, including hummingbirds and butterflies.

Flowering Period: Summer

x brownii 'Dropmore Scarlet'

Dropmore Scarlet Honeysuckle
