# *Annual Report*

**REVOLUTION CHURCH**

# *The 2023 Annual Report is here!*

What an incredible year of growth.

What a remarkable year it has been! We've ventured into the depths of understanding God's Kingdom and trusting Him above all, transcending worldly influences. Our sincere prayers, 'Your kingdom come. Your will be done!' have echoed throughout our church family. As we step into a new year, our dedication remains resolute as we propel the mission forward, shaping and empowering new leaders and the next generations.

Your support for the mission of God's church is invaluable and deserves the utmost respect and gratitude. It's our responsibility to ensure that your investment is managed with integrity and efficiency. The annual report serves to offer you an overview of our commitment and why the work God is doing through Revolution Church stands as the most meaningful investment you can make.

As we track the metrics that truly matter, we invite you to celebrate the miracles we've witnessed together and to continue investing in eternity. We're confident that this year will be our most transformative yet, particularly as we begin the journey of constructing our new home through our building project.

Your generosity is what moves everything forward, and for that, we are deeply thankful. Let's join together in unleashing generosity and build God's Kingdom, one life at time.

**“ Church was always just a box to check for me, but I never had a real relationship with Jesus.**

We attended mass occasionally, but I never knew what it meant to truly know the Lord. After a divorce, I met my wife, Tiffany, who introduced me to Revolution Church. We then attended inconsistently for the next few years.

We decided to come back to Revolution Church, and God clearly confirmed to both of us that this church is our home. After that, we began to plug in and serve, and God connected us with a family here that we truly cherish. On Christmas eve I took the step to go public with my faith and was baptized.

I lost my job unexpectedly, and our world seemed to spiral. Little did we know God already had it all worked out for us. The Monday after this happened, my wife and I were feeling pretty hopeless. As a single-income homeschool family, we needed the income that we lost. But the community that God placed us into here at Revolution Church came alongside us not only in prayer but also in supplying needs that we could never have expected. This is why this church is our family and why generosity and community mean so much. God miraculously answered prayers! Exactly one week after I lost my job, I had two interviews. I prayed before I left home for God to open the door wide that he wanted me to walk through and shut the door that wasn't for me. God swung the door open in the position I took and canceled the interview for the other position. God provided me with a new job one week later. Your support and God's amazing love for us forever changed our hearts and lives. He is faithful.

- PHILLIP KASPAR

# *Starting Point*

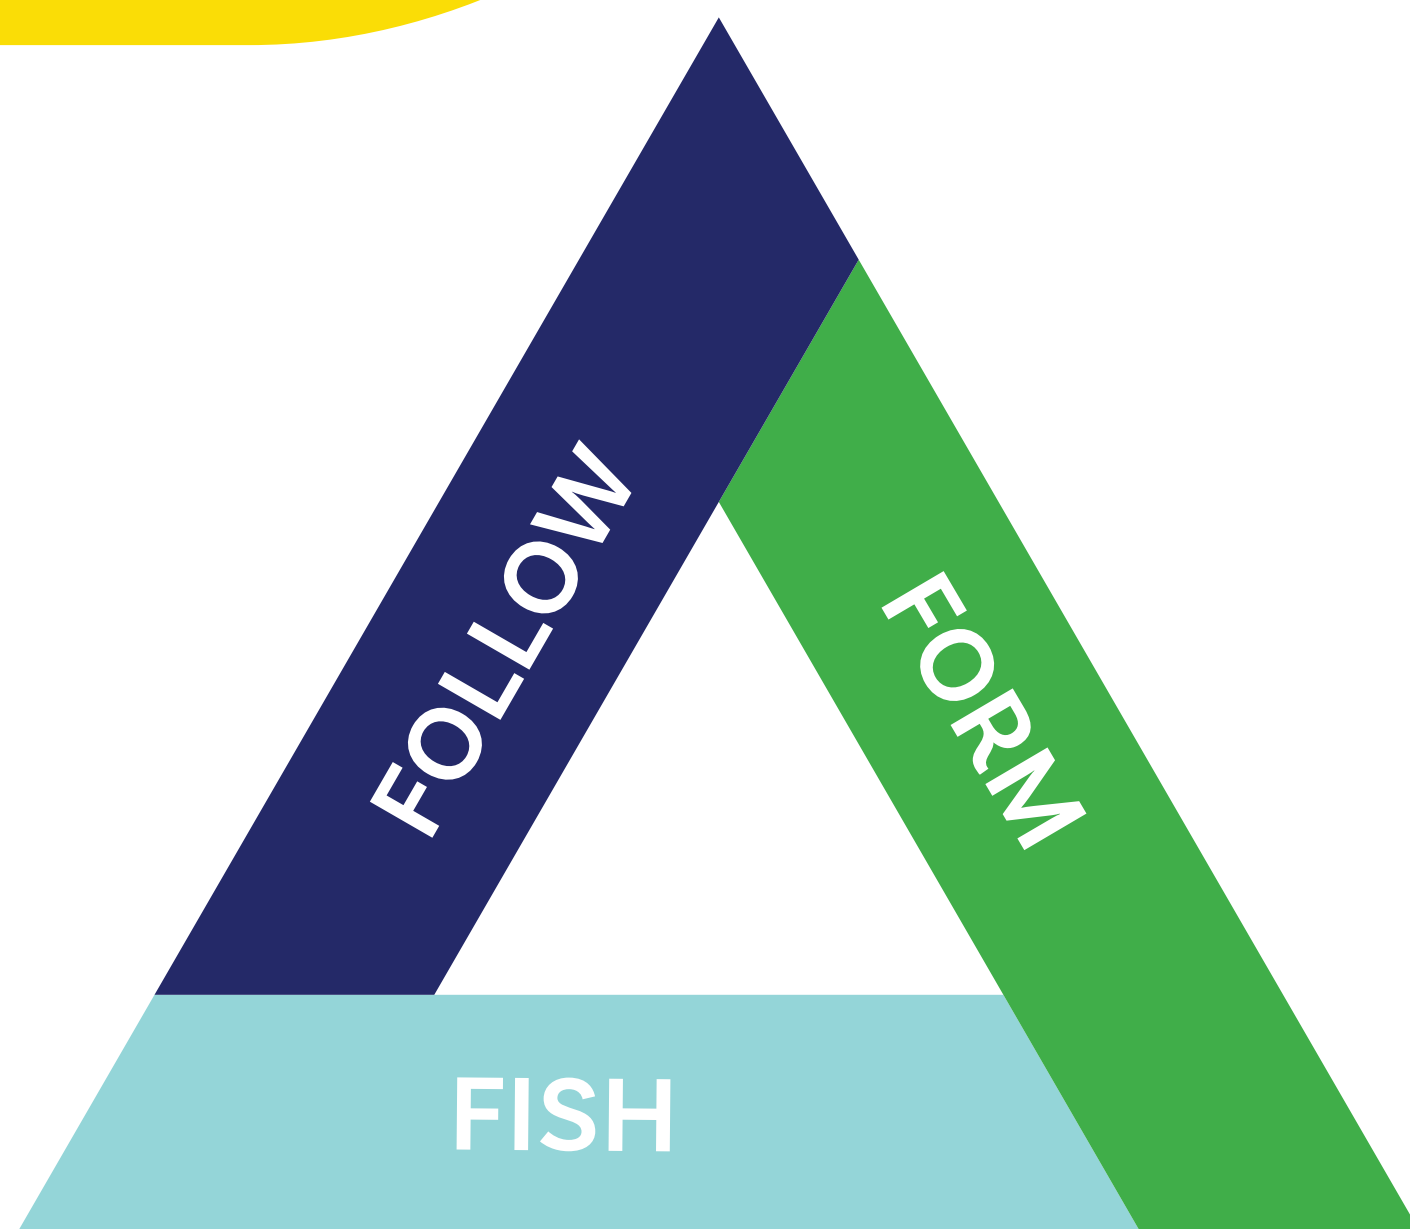

*Jesus said, “ follow me, and I will make you (form you) into fishers of men.” -Matthew 4:19*

At Revolution church, we want something for you. We desire to see a revolution of God’s grace take place in your life. We want to help you become a fully devoted follower of Christ. For that to happen, we need a spiritual bullseye to aim our lives towards. We call it: follow form fish

This is our definition of spiritual maturity. It provides measures for our mission with respect to an individual’s spiritual development.

Learn more about what God wants to do in your life, what it means to be a church member, and how you can become a fully devoted follower of Christ at starting point.
