

The background of the slide features a central illustration of a human brain. The left hemisphere of the brain is depicted with blue circuitry patterns, while the right hemisphere is shown with yellow and orange organic, neural-like patterns. A glowing blue robotic arm extends from the top left, with its index finger pointing towards the blue circuitry side of the brain. Simultaneously, a human hand from the bottom right, wearing a white shirt cuff, also has its index finger pointing towards the same area on the brain. The entire scene is set against a dark blue background with faint, glowing geometric shapes and a circular pattern of lines radiating from the center.
