

OUR PARTNERSHIP WITH JEFFERSON COUNTY LIBRARY FOUNDATION

Through a partnership with Dream Books Co, Jefferson County Library Foundation has raised over \$30,000 in the first nine months of 2023.

WHAT DO OUR PARTNERS HAVE TO SAY?

"Dream Books has become a valuable partner to our organization, in that they accept books that we otherwise can't sell in our normal venues..."

This has been a wonderful arrangement for my nonprofit. Not only are we gaining an added stream of income to help support our Foundation and Jefferson County Public Library, we are also helping to keep used books and entertainment and educational media out of the landfills!"

Jo Schantz

Executive Director

Jefferson County Library Foundation

WHAT IS BOOKCASH?

BookCash allows libraries or library organizations to generate profits through weeded, donated, or discarded books.

We offer an easy-to-use program for staff or volunteers to sort through their books. Once they have collected a pallet's worth of books, we handle shipping and transportation and are able to offer an upfront payment.

Through BookCash, we're creating a community of partners by offering solutions that can actually benefit their organization.

LET'S TALK NUMBERS IN 2023

\$31,500

Paid to the Jefferson County
Library Foundation

21

Pallets of books saved from landfills

2

Book pick-ups per month

JEFFERSON COUNTY LIBRARY FOUNDATION

The Jefferson County Library Foundation provides invaluable resources to the Jefferson County Public Library, including funding for their literacy programs and management of donated and wasted books.

BENEFITS

1. Ease of use

The BookCash program is as easy as scanning, packing, and scheduling a pickup. We'll take it from there! This system allows volunteers or staff a manageable means of dealing with your books.

2. A system that supports booksales

Through our BookCash software, we are able to set rulesets that can be used to determine where books are best suited. If your organization has book sales or an internal bookstore, we make sure that you get the best value for your books.

3. Friendly Service you can count on

We are a small business that takes pride in our support of the community. We stand behind the services that we offer, and our Partnerships team is here to meet your organization's needs.

WHAT DOES A PARTNERSHIP WITH DREAM BOOKS MEAN?

Let's hear it from Neil Thoreson at the Jefferson County Library Foundation

Through BookCash, we have better books, a better source of revenue, and have developed a great relationship with Dream Books Co."

"The money we get from BookCash goes directly into the general fund of the non-profit arm of the library. This means it is used to support everyday operations and staffing at the foundation, library initiatives and campaigns, and literacy initiatives that prove invaluable to our community."

If your organization is interested in learning more about BookCash and its benefits, please reach out to us at partnerships@dreambooksco.com.
